University of Minnesota Crookston

2013-15 UNDERGRADUATE CATALOG

This file serves as an official record of University, college, and program requirements and policies during a specific time period. It includes a directory of undergraduate programs, majors, and course descriptions. It also includes a list of University policies.

NOTE: The information in this catalog is subject to change without notice. Colleges and departments make changes in their degree requirements and course descriptions frequently. For the most current information, check with department offices, advisers, and visit the Online Catalog at www.catalogs.umn.edu.

The University of Minnesota is an equal opportunity educator and employer. This publication is available in alternative formats upon request. Contact the Office of Admissions, 170 Owen Hall, 2900 University Ave, Crookston, MN 56716, 1-800-862-6466.

**Crookston Campus**

**Accounting B.S.**

**Business**

**Academic Affairs**

- Program Type: Baccalaureate
- Requirements for this program are current for Fall 2013
- Required credits to graduate with this degree: 120
- Required credits within the major: 59
- Degree: Bachelor of Science

Accounting is an information system that represents the economic resources and responsibilities of business or nonbusiness enterprises. Monitored over time, it is used as a decision-making tool for allocating resources and evaluating responsibilities.

Accounting information affects major economic decisions that have national and international impact. The accounting program teaches analytical, theoretical, communication, and leadership skills necessary for effective accounting and advancement in public, private, and government careers.

The program prepares students to become accountants in business and government by providing accounting, business, and liberal education courses.

**Program outcomes: graduates will**

  - Use computer technology for accounting spreadsheet applications and general ledger accounting functions and demonstrate overall literacy in technology
  - Develop and demonstrate skills in financial and cost accounting systems that are common to most businesses
  - Demonstrate skills and knowledge in auditing
  - Demonstrate competencies in ethical decision making
  - Demonstrate knowledge of liberal education that provides a foundation for the applied curriculum
  - Demonstrate a commitment to continuing professional development
  - Demonstrate skills in communication, working with others, and critical thinking

**Program Delivery**

This program is available:

- via classroom (the majority of instruction is face-to-face)
- completely online (all program coursework can be completed online)

**Admission Requirements**

For information about University of Minnesota admission requirements, visit the [Office of Admissions website](#).

**General Requirements**

All students are required to complete general University and college requirements. For more information, see the [graduation requirements](#).

**Program Requirements**

Students must complete 40 upper division credits.

**Accounting Program Requirements (59 cr)**

MKTG 3300 - Principles of Marketing (3.0 cr)
COMM 3008 - Business Writing (3.0 cr)
   or COMM 3303 - Writing in Your Profession (3.0 cr)

Liberal Education Requirements
A minimum of 40 liberal education credits are required. Students must complete the 10 goal areas of the Minnesota Transfer Curriculum with the following specific liberal education courses required:
COMP 1011 - Composition I [COMMUNICAT] (3.0 cr)
COMP 1013 - Composition II [COMMUNICAT] (3.0 cr)
ECON 2101 - Microeconomics [HI/BEH/SSC] (3.0 cr)
ECON 2102 - Macroeconomics [HI/BEH/SSC] (3.0 cr)
MATH 1031 - College Algebra [MATH THINK] (3.0 cr)
MATH 1150 - Elementary Statistics [MATH THINK] (3.0 cr)
PSY 1001 - General Psychology [HI/BEH/SSC] (3.0 cr)
SPCH 1101 - Public Speaking [COMMUNICAT] (3.0 cr)

Technology Requirements (3 cr)
CA 1020 - Spreadsheet Applications (3.0 cr)

Open and/or Recommended Electives
Students need to take enough open and/or recommended elective credits to satisfy the 120 credit requirement for graduation. The following are recommended electives: ACCT 3900, ACCT 4420, ACCT 4500, ACCT 4511, ACCT 4512, ACCT 4513, ACCT 4514.

Program Sub-plans
A sub-plan is not required for this program.

Accounting (Online)
The accounting online program has the same curriculum as the classroom delivered accounting program with the addition of one course. GBUS 1005--Orientation to Online Programs is a required one-credit course. This results in a one credit decrease in the number of open and/or recommended electives required.

Accounting is an information system that represents the economic resources and responsibilities of business or nonbusiness enterprises. Monitored over time, it is used as a decision-making tool for allocating resources and evaluating responsibilities.

Accounting information affects major economic decisions that have national and international impact. The accounting program teaches analytical, theoretical, communication, and leadership skills necessary for effective accounting and advancement in public, private, and government careers.

The program prepares students to become accountants in business and government by providing accounting, business, and liberal education courses.

Academic Affairs

- Program Type: Baccalaureate
- Requirements for this program are current for Fall 2013
- Required credits to graduate with this degree: 120
- Required credits within the major: 120
- This program requires summer terms.
- Degree: Bachelor of Science

The program blends a strong base of agriculture, business, and general education courses while maximizing flexibility that allows students to choose electives to fit their career interests and expectations. A wide array of challenging, satisfying, and rewarding careers await graduates as demand for trained personnel in agribusiness continues to outstrip the supply of qualified graduates. Clusters of employment opportunities include agricultural sales and marketing, agribusiness management, agribusiness finance, agribusiness information management, food marketing management, global agribusiness, and rural economic development.

Program outcomes; graduates demonstrate

1. skills that lead to satisfying and rewarding opportunities for agribusiness careers in either rural or urban settings
2. knowledge of the basic general education that provides the foundation for applied knowledge and lifelong learning
3. knowledge and technical skills required for careers in agribusiness
4. polytechnic knowledge to make immediate contributions in the work place
5. skills to advance the agricultural business program in concert with industry to ensure rapid response to evolving needs

Program Delivery
This program is available:
- via classroom (the majority of instruction is face-to-face)

Admission Requirements
For information about University of Minnesota admission requirements, visit the Office of Admissions website.

General Requirements
All students are required to complete general University and college requirements. For more information, see the graduation requirements.

Program Requirements
Students must complete 40 upper division credits.

Agricultural Business Program Requirements
ACCT 2101 - Principles of Accounting I (3.0 cr)
AGEC 1005 - World Agricultural Food Systems (3.0 cr)
AGEC 1004 - Introduction to Agribusiness (3.0 cr)
AGEC 2310 - Agribusiness Financial Records (3.0 cr)
AGEC 2530 - Professional Agriselling (3.0 cr)
AGEC 3050 - Economics for AgriBusiness Management (3.0 cr)
AGEC 3540 - Farm Business Management (3.0 cr)
AGEC 3640 - Agricultural Finance and Valuation (3.0 cr)
AGEC 4460 - International Marketing Problems and Practices (3.0 cr)
AGEC 4760 - Business Plan Development for Agribusiness (3.0 cr)
GNAG 3899 - Pre-Internship Seminar (0.5 cr)
GNAG 3900 - Internship (0.5 - 3.0 cr)
GNAG 3901 - Post Internship Seminar (0.5 cr)
GNAG 4652 - Senior Seminar (1.0 cr)
MGMT 3200 - Principles of Management (3.0 cr)
MKTG 3300 - Principles of Marketing (3.0 cr)
AGEC 4740 - Grain and Livestock Marketing (3.0 cr)
  or AGEC 4750 - Agribusiness Marketing (3.0 cr)
AGRO 1183 - Field Crops: Production Principles (3.0 cr)
  or ANSC 1004 - Introduction to Animal Science (4.0 cr)
COMM 3008 - Business Writing (3.0 cr)
  or COMM 3704 - Business and Professional Speaking (3.0 cr)

Liberal Education Requirements
A minimum of 40 liberal education credits are required. Students must complete the 10 goal areas of the Minnesota Transfer Curriculum with the following specific liberal education courses required:
BIOL 1009 - General Biology [BIOL SCI, PEOPLE/ENV] (4.0 cr)
CHEM 1001 - Introductory Chemistry [PHYS SCI] (4.0 cr)
COMP 1011 - Composition I [COMMUNICAT] (3.0 cr)
COMP 1013 - Composition II [COMMUNICAT] (3.0 cr)
ECON 2101 - Microeconomics [HI/BEH/SSC] (3.0 cr)
MATH 1031 - College Algebra [MATH THINK] (3.0 cr)
MATH 1150 - Elementary Statistics [MATH THINK] (3.0 cr)
SPCH 1101 - Public Speaking [COMMUNICAT] (3.0 cr)

Technology Requirements
Take 3 credits of any CA courses.

Agriculture/Business/Technology Electives
Students must complete 18 credits selected in consultation with an adviser.

Open Electives
Students must take enough open electives credits to meet the 120 credit requirement for graduation.
Crookston Campus
Agricultural Systems Management B.S.
Agriculture and Natural Resources
Academic Affairs

- Program Type: Baccalaureate
- Requirements for this program are current for Fall 2013
- Required credits to graduate with this degree: 120
- Required credits within the major: 55 to 62
- This program requires summer terms.
- Degree: Bachelor of Science

This program combines students’ interests in machinery, technology, and crop and livestock production with superior people skills, creative thinking, and problem solving to build a career in the agricultural and food production industry.

Agricultural systems management graduates are well versed in agricultural foundations and have working knowledge of economic systems with a well-developed sense of professionalism. Companies are looking for multitalented people who are confident around computers, machines, and business plans. The agricultural systems management program offers three areas of emphasis to provide a unique portfolio of technical and business skills that gives graduates an edge in the job market.

Program outcomes: graduates will

* be well versed in agricultural foundations
* be technically proficient and knowledgeable in agricultural technologies
* have working knowledge of economic systems and financial management
* possess speaking, listening, and writing communication skills
* have a well-developed sense of professionalism

Program Delivery
This program is available:
- via classroom (the majority of instruction is face-to-face)

Admission Requirements
For information about University of Minnesota admission requirements, visit the Office of Admissions website.

General Requirements
All students are required to complete general University and college requirements. For more information, see the graduation requirements.

Program Requirements
Students must complete 40 upper division credits.

Agricultural Systems Management Program Requirements
Required courses - 31 credits
AGRO 1183 - Field Crops: Production Principles (3.0 cr)
ASM 1021 - Introduction to Agricultural Systems Management (2.0 cr)
ASM 1034 - Facility Maintenance and Safety (4.0 cr)
ASM 2053 - Electricity, Controls, and Sensors in Agriculture (3.0 cr)
ASM 3002 - Agricultural Mobile Power Systems (3.0 cr)
GNAG 3899 - Pre-Internship Seminar (0.5 cr)
GNAG 3900 - Internship (0.5 - 3.0 cr)
GNAG 3901 - Post Internship Seminar (0.5 cr)
GNAG 4652 - Senior Seminar (1.0 cr)
SOIL 1293 - Soil Science (3.0 cr)
Choose one of the following:
- ACCT 2101 - Principles of Accounting I (3.0 cr)
or
- ENTR 2200 - Introduction to Entrepreneurship and Small Business (3.0 cr)

Choose one of the following:
- ANSC 3004 - Livestock Facilities and Environmental Systems (3.0 cr)
or
- ASM 3005 - Facilities Planning and Selection (3.0 cr)

Choose one of the following:
- COMM 2334 - Communication Topics (3.0 cr)
or
- COMM 3303 - Writing in Your Profession (3.0 cr)
or
- COMM 3431 - Persuasion (3.0 cr)
or
- COMM 3704 - Business and Professional Speaking (3.0 cr)

Liberal Education Requirements
A minimum of 40 liberal education credits are required. Students must complete the 10 goal areas of the Minnesota Transfer Curriculum with the following specific liberal education courses required:
- BIOL 1009 - General Biology [BIOL SCI, PEOPLE/ENV] (4.0 cr)
- CHEM 1001 - Introductory Chemistry [PHYS SCI] (4.0 cr)
- COMP 1011 - Composition I [COMMUNICAT] (3.0 cr)
- COMP 1013 - Composition II [COMMUNICAT] (3.0 cr)
- ECON 2101 - Microeconomics [HI/BEH/SSC] (3.0 cr)
- MATH 1031 - College Algebra [MATH THINK] (3.0 cr)
- MATH 1150 - Elementary Statistics [MATH THINK] (3.0 cr)
- PHYS 1012 - Introductory Physics [PHYS SCI, PEOPLE/ENV] (4.0 cr)
- SPCH 1101 - Public Speaking [COMMUNICAT] (3.0 cr)

Technology Requirement
- Required courses - 3 credits
  - CA 1020 - Spreadsheet Applications (3.0 cr)

Program Sub-plans
Students are required to complete one of the following sub-plans. (Note for the Twin Cities and Morris campuses: The honors sub-plan does not meet this requirement. Honors students are required to complete one sub-plan plus the honors sub-plan. Please see an adviser if no honors sub-plan is listed for the program.)

Bio-Fuels and Renewable Energy Technology
This emphasis focuses on the development, economics, and processes in bio-fuels and renewable energy technology. Energy conservation and efficiencies are vital parts to sustainable energy systems. World demand for energy is driving the need for sustainable energy systems.

Bio-Fuels/Renewable Energy Systems Requirements
- Required courses - 30 credits
  - AGEC 2530 - Professional Agriselling (3.0 cr)
  - AGEC 3640 - Agricultural Finance and Valuation (3.0 cr)
  - ASM 2200 - Introduction to Renewable Energy Systems (3.0 cr)
  - ASM 3201 - Bio-Fuels Technology (3.0 cr)
  - ASM 3202 - Solar, Wind, and Geo-Thermal Systems (3.0 cr)
  - CA 1060 - Database Applications (3.0 cr)
  - MGMT 3200 - Principles of Management (3.0 cr)
  - MKTG 3300 - Principles of Marketing (3.0 cr)
  - NATR 1226 - Environmental Science and Sustainability [BIOL SCI, PEOPLE/ENV] (3.0 cr)
  - NATR 3344 - Land Use Planning (3.0 cr)

Agriculture/Management Electives
- Students should take 6 credits of agriculture/management electives.

Open Electives
- Students must take enough open electives credits to satisfy the 120 credit graduation requirement.

Farm and Ranch Management
This emphasis focuses on a blend of business and production management. The program's goal is to provide a solid foundation to allow the graduate to be competitive and succeed in the changing world of modern agriculture.

Farm and Ranch Operation Requirements
- Required courses - 25 to 26 credits
  - AGEC 2310 - Agribusiness Financial Records (3.0 cr)
AGEC 3540 - Farm Business Management (3.0 cr)
AGEC 3640 - Agricultural Finance and Valuation (3.0 cr)
AGEC 4740 - Grain and Livestock Marketing (3.0 cr)
ANSC 1004 - Introduction to Animal Science (4.0 cr)
ASM 2043 - Welding and Manufacturing Processes (3.0 cr)
ASM 2250 - Agricultural Machinery Management (3.0 cr)

Choose one of the following:
- ANSC 2104 - Feeds and Feeding (4.0 cr)
- or ASM 3360 - Applications in Precision Agriculture (3.0 cr)

**Agriculture/Management Electives**
Students should take 9 to 10 credits of agriculture/management electives.

**Open Electives**
Students must take enough open electives credits to satisfy the 120 credit graduation requirement.

---

**Power and Machinery**
New technology and labor-saving innovations in machinery, engines, and equipment drive a multi-billion dollar global business. Excellent careers exist in servicing, testing, and sales and marketing of new products for agricultural, industrial, and consumer applications.

**Power and Machinery Requirements**
Required courses - 24 credits
- AGEC 2530 - Professional Agriselling (3.0 cr)
- AGEC 3050 - Economics for AgriBusiness Management (3.0 cr)
- AGEC 3640 - Agricultural Finance and Valuation (3.0 cr)
- ASM 2043 - Welding and Manufacturing Processes (3.0 cr)
- ASM 2250 - Agricultural Machinery Management (3.0 cr)
- ASM 3360 - Applications in Precision Agriculture (3.0 cr)
- CA 1060 - Database Applications (3.0 cr)
- MGMT 3210 - Supervision and Leadership (3.0 cr)

**Agriculture/Management Electives**
Students should take 11 credits of agriculture/management electives.

**Open Electives**
Students must take enough open electives credits to satisfy the 120 credit graduation requirement.

---

**Precision Agriculture**
Work in the field or in an office to help others improve agriculture production practices (chemical application, planting, pest management) by using satellites, geographical information systems (GIS), and precision data analysis. Field data collection, analysis, and application are keys to improving agricultural production management practices and implementing efficiencies.

**Precision Agriculture Requirements**
Required courses - 31 credits
- AGEC 2310 - Agribusiness Financial Records (3.0 cr)
- AGEC 2530 - Professional Agriselling (3.0 cr)
- AGRO 2640 - Applied Agriculture Chemicals (3.0 cr)
- ASM 2250 - Agricultural Machinery Management (3.0 cr)
- ASM 3009 - Surveying (4.0 cr)
- ASM 3360 - Applications in Precision Agriculture (3.0 cr)
- ASM 3511 - Yield Monitoring and Data Interpretation (1.0 cr)
- ASM 3512 - Remote Sensing Applications in Precision Agriculture (1.0 cr)
- CA 1060 - Database Applications (3.0 cr)
- NATR 2630 - Introduction to Geographic Information Systems (3.0 cr)
- SOIL 3414 - Soil Fertility and Plant Nutrition (4.0 cr)

**Agriculture/Management Electives**
Students should take 4 credits of agriculture/management electives.

**Open Electives**
Students must take enough open electives credits to satisfy the 120 credit graduation requirement.

Agriculture and Natural Resources

Academic Affairs

- Program Type: Baccalaureate
- Requirements for this program are current for Fall 2013
- Required credits to graduate with this degree: 120
- Required credits within the major: 120
- This program requires summer terms.
- none
- Degree: Bachelor of Science

The B.S. in agronomy is a career-oriented program that combines science-based agriculture training and education with a strong liberal arts background to produce graduates skilled in the highly technical fields of agronomic science and crop production. The flexibility of the two tracks, agronomy and crop production enables students to build a thorough understanding of crop science with a concentration in areas such as crop production, agricultural chemicals, fertilizers, integrated pest management, seed conditioning and technology, and other areas related to production and quality in the food and fiber industry.

Program outcomes: graduates will
* Demonstrate appropriate skills necessary for employment in agronomic sciences or crop production
* Demonstrate skills in general education and management that provide a foundation for the applied curriculum
* Develop and demonstrate an attitude of continued inquiry and lifelong learning

Program Delivery

This program is available:
- via classroom (the majority of instruction is face-to-face)

Admission Requirements

For information about University of Minnesota admission requirements, visit the Office of Admissions website.

General Requirements

All students are required to complete general University and college requirements. For more information, see the graduation requirements.

Program Requirements

Students must complete 40 upper division credits.

Agronomy Program Requirements

Required courses - 48 credits
- AGRO 1030 - Crop and Weed Identification (3.0 cr)
- AGRO 1183 - Field Crops: Production Principles (3.0 cr)
- AGRO 1540 - Seed Conditioning and Technology (4.0 cr)
- AGRO 2573 - Entomology (3.0 cr)
- AGRO 2640 - Applied Agriculture Chemicals (3.0 cr)
- AGRO 2840 - Grain and Seed Evaluation (4.0 cr)
- AGRO 3023 - Plant Breeding and Genetics (4.0 cr)
- AGRO 3130 - Forages (3.0 cr)
- AGRO 3230 - Introduction to Plant Pathology (3.0 cr)
- AGRO 3444 - Crop Production (4.0 cr)
- AGRO 3630 - Integrated Crop Management (Capstone) (3.0 cr)
- GNAG 3899 - Pre-Internship Seminar (0.5 cr)
- GNAG 3900 - Internship (0.5 - 3.0 cr)
- GNAG 3901 - Post Internship Seminar (0.5 cr)
- GNAG 4652 - Senior Seminar (1.0 cr)
- SOIL 1293 - Soil Science (3.0 cr)
SOIL 3414 - Soil Fertility and Plant Nutrition (4.0 cr)

Liberal Education Requirements
A minimum of 40 liberal education credits required. Students must complete the 10 goal areas of the Minnesota Transfer Curriculum with the following specific liberal education courses required:
BIOL 1009 - General Biology [BIOL SCI, PEOPLE/ENV] (4.0 cr)
BIOL 2022 - General Botany (3.0 cr)
CHEM 1001 - Introductory Chemistry [PHYS SCI] (4.0 cr)
COMP 1011 - Composition I [COMMUNICAT] (3.0 cr)
COMP 1013 - Composition II [COMMUNICAT] (3.0 cr)
SPCH 1101 - Public Speaking [COMMUNICAT] (3.0 cr)
MATH 1031 - College Algebra [MATH THINK] (3.0 cr)
or MATH 1150 - Elementary Statistics [MATH THINK] (3.0 cr)

Technology Requirement
Students must take 3 credits of any CA courses.
CA 1xxx

Program Sub-plans
Students are required to complete one of the following sub-plans. (Note for the Twin Cities and Morris campuses: The honors sub-plan does not meet this requirement. Honors students are required to complete one sub-plan plus the honors sub-plan. Please see an adviser if no honors sub-plan is listed for the program.)

Agronomic Science
The agronomic science track allows students to build a thorough understanding of crop science with a concentration in areas such as agricultural chemicals, fertilizers, integrated pest management, and seed conditioning and technology.

Agronomic Science Requirements
Required courses - 13 credits
AGRO 3030 - Research Techniques (3.0 cr)
AGRO 3640 - Weed Science (3.0 cr)
BIOL 3131 - Plant Physiology (3.0 cr)
CHEM 1401 - Elementary Bioorganic Chemistry [PHYS SCI, PEOPLE/ENV] (4.0 cr)

Agriculture/Natural Resources Electives
Students should take 7 credits of agriculture/natural resources electives selected from the following departments: AgBu, AgEc, Agro, AnSc, GnAg, Hort, NatR, Turf.

Open Electives
Students must take enough open electives credits to satisfy the 120 credit graduation requirement. Approximately 9 credits are needed.

Crop Production
The crop production track, along with building strong agronomic skills, has an agricultural business component that allows students to develop their marketing and farm business management skills.

Crop Production Requirements
Required courses - 13 credits
AGEC 2310 - Agribusiness Financial Records (3.0 cr)
AGEC 3540 - Farm Business Management (3.0 cr)
AGEC 4740 - Grain and Livestock Marketing (3.0 cr)
SWM 3224 - Soil and Water Conservation (4.0 cr)

Agriculture/Natural Resources Electives
Students should take 7 credits of agriculture/natural resources electives selected from the following departments: AgBu, AgEc, Agro, AnSc, ASM, GnAg, Hort, NatR, Turf.

Open Electives
Students must take enough open electives credits to satisfy the 120 credit graduation requirement. Approximately 9 credits are needed.

- This program requires summer terms.
- Degree: Bachelor of Science

The B.S. in animal science leads to careers in livestock production and management or one of the many allied industries, such as feed production, artificial insemination, and livestock or farm equipment support and sales. In addition, students can meet the requirements to attend graduate school or veterinary college.

Coursework includes computer and communications training, sales, and business management. Other required coursework is traditional to livestock degrees, but students have the option of taking courses specific to their interests. Options also exist for students who wish to pursue pre-veterinary studies.

Program outcomes:
* demonstrate competencies in dairy/livestock management;
* demonstrate individual communication skills;
* demonstrate personal problem solving, decision-making, and critical thinking skills;
* demonstrate technology skills used for dairy/livestock management decision making and problem solving;
* work effectively in teams;
* be able to obtain a career in the dairy/livestock industry

Program Delivery
This program is available:
- via classroom (the majority of instruction is face-to-face)

Admission Requirements
For information about University of Minnesota admission requirements, visit the Office of Admissions website.

General Requirements
All students are required to complete general University and college requirements. For more information, see the graduation requirements.

Program Requirements
Students must complete 40 upper division credits.

Animal Science Program Requirements
Required courses - 54 credits
ANSC 1004 - Introduction to Animal Science (4.0 cr)
ANSC 1101 - Animal Evaluation (1.0 cr)
ANSC 2104 - Feeds and Feeding (4.0 cr)
ANSC 3004 - Livestock Facilities and Environmental Systems (3.0 cr)
ANSC 3023 - Animal Breeding (3.0 cr)
ANSC 3104 - Applied Animal Nutrition (4.0 cr)
ANSC 3203 - Animal Anatomy and Physiology (4.0 cr)
ANSC 3204 - Dairy Production (4.0 cr)
ANSC 3303 - Beef Production (3.0 cr)
ANSC 3304 - Reproduction, AI, and Lactation (4.0 cr)
ANSC 3503 - Animal Health and Disease (3.0 cr)
ANSC 4204 - Animal Systems Management (4.0 cr)
BIOL 2032 - General Microbiology (4.0 cr)
BIOL 3022 - Principles of Genetics (3.0 cr)
GNAG 3899 - Pre-Internship Seminar (0.5 cr)
GNAG 3900 - Internship (0.5 - 3.0 cr)
GNAG 3901 - Post Internship Seminar (0.5 cr)
GNAG 4652 - Senior Seminar (1.0 cr)
ANSC 1205 - Beef and Dairy Production Techniques (2.0 cr)
    or ANSC 1206 - Sheep and Swine Production Techniques (2.0 cr)

Liberal Education Requirements
A minimum of 40 liberal education credits required. Students must complete the 10 goal areas of the Minnesota Transfer Curriculum with the following specific liberal education courses required:
BIOL 1009 - General Biology [BIOL SCI, PEOPLE/ENV] (4.0 cr)
COMP 1011 - Composition I [COMMUNICAT] (3.0 cr)
COMP 1013 - Composition II [COMMUNICAT] (3.0 cr)
ECON 2101 - Microeconomics [HI/BEH/SSC] (3.0 cr)
MATH 1031 - College Algebra [MATH THINK] (3.0 cr)
SPCH 1101 - Public Speaking [COMMUNICAT] (3.0 cr)

Technology Requirement
Students must take 3 credits of any CA courses.
CA 1xxx

Program Sub-plans
Students are required to complete one of the following sub-plans. (Note for the Twin Cities and Morris campuses: The honors sub-plan does not meet this requirement. Honors students are required to complete one sub-plan plus the honors sub-plan. Please see an adviser if no honors sub-plan is listed for the program.)

Animal Science
This emphasis leads graduates to careers within the livestock industry, such as production and management, feed production, artificial insemination, livestock and farm equipment support/sales, pharmaceutical sales, and veterinary technician. Students are exposed to classroom instruction and hands-on experiential learning in the laboratory. Coursework includes computer and communications training, sales training, and business management. Other required coursework is traditional to livestock degrees and may include nutrition, breeding, reproduction, evaluation, feeds, production and management, and facilities. Students can take courses specific to their interest.

Animal Science Requirements
Required courses - 18 credits
AGEC 3540 - Farm Business Management (3.0 cr)
AGEC 4740 - Grain and Livestock Marketing (3.0 cr)
ANSC 1201 - Advanced Animal Evaluation (1.0 cr)
CHEM 1401 - Elementary Bioorganic Chemistry [PHYS SCI, PEOPLE/ENV] (4.0 cr)
Choose one of the following:
    CHEM 1001 - Introductory Chemistry [PHYS SCI] (4.0 cr)
    or CHEM 1061 - Chemical Principles I [PHYS SCI, PEOPLE/ENV] (3.0 cr)
    CHEM 1065 - Chemical Principles I Laboratory [PHYS SCI, PEOPLE/ENV] (1.0 cr)
Choose one of the following:
    GNAG 3203 - Ag Products and Processing (3.0 cr)
    or GNAG 3204 - International Agricultural Production, Processing, and Marketing (3.0 cr)

Agriculture Electives
Students must complete enough credits of agriculture electives (selected in consultation with their adviser) to meet the 120 credit graduation requirement. Number of credits needed will depend on LE course selections.

Pre-Veterinary Medicine
The pre-veterinary medicine emphasis meets the course entry requirements for admission to the University of Minnesota College of Veterinary Medicine; however, similar entry requirements among colleges of veterinary medicine, coupled with sufficient flexibility within the curriculum, allow graduates to meet the admission requirements for many other institutions. Students who graduate are well prepared to pursue their career goal of becoming a veterinarian. Students are exposed to traditional classroom instruction, as well as hands-on/experiential learning in the laboratory.

Pre-Veterinary Medicine Requirements
Required courses - 28 credits
BIOL 2012 - General Zoology (4.0 cr)
CHEM 1061 - Chemical Principles I [PHYS SCI, PEOPLE/ENV] (3.0 cr)
CHEM 1062 - Chemical Principles II (3.0 cr)
CHEM 1065 - Chemical Principles I Laboratory [PHYS SCI, PEOPLE/ENV] (1.0 cr)
CHEM 1066 - Chemical Principles II Laboratory (1.0 cr)
CHEM 2301 - Organic Chemistry I (3.0 cr)
CHEM 2310 - Organic Chemistry Laboratory I (2.0 cr)
CHEM 3021 - Biochemistry (3.0 cr)
PHYS 1101 - Introductory College Physics I [PHYS SCI] (4.0 cr)
PHYS 1102 - Introductory College Physics II [PHYS SCI] (4.0 cr)

Agriculture Electives
Students must complete enough agriculture electives credits to meet the 124 credit graduation requirement. Number of credits needed will depend on LE course selections.
Crookston Campus
Applied Health B.A.H.
Math, Science and Technology

Academic Affairs

• Program Type: Baccalaureate
• Requirements for this program are current for Fall 2013
• Required credits to graduate with this degree: 120
• Required credits within the major: 81
• Degree: Bachelor of Applied Health

The bachelor of applied health (B.A.H.) is an integrated four-year baccalaureate degree program delivered via distance education through the web. The program includes a liberal education core curriculum, clinical occupational field, and management component. The applied curriculum combines the knowledge and experiences necessary to provide leadership in the changing health care arena and in entrepreneurial health care settings where clinical expertise is valued.

Program outcomes:
* communicate effectively and work as a team in a health care setting

* demonstrate leadership skills in problem solving, conflict resolution, and change management

* demonstrate an understanding of the legal, regulatory, and ethical issues inherent to health care

* demonstrate the ability to adapt to changing public policy, economic, and financial issues in health care

* demonstrate assessment skills related to improving clinical care and customer service

* apply technology in the workplace

Program Delivery
This program is available:
• via classroom (the majority of instruction is face-to-face)

Admission Requirements
Students must complete an associate degree in a health care field before enrolling in this degree program.

For information about University of Minnesota admission requirements, visit the Office of Admissions website.

General Requirements
All students are required to complete general University and college requirements. For more information, see the graduation requirements.

Program Requirements
Students must complete 40 upper division credits.

Program Core Requirements
Requirements = 43 credits

GBUS 1005 - Orientation to Online Learning (1.0 cr)
HI 3020 - Introduction to Health Information Systems (3.0 cr)
HSM 3200 - Health Care Leadership and Planning (4.0 cr)
HSM 3230 - Administration of Continuum Care Facilities (3.0 cr)
HSM 3240 - Health Care Policy and Comparative Systems (4.0 cr)
HSM 3250 - Performance Improvement in Health Care (3.0 cr)
HSM 3260 - Risk Management in Health Care (3.0 cr)
HSM 3900 - Internship (1.0 - 3.0 cr)
HSM 4100 - Health Care Finance (3.0 cr)
HSM 4210 - Health Care Law and Biomedical Ethics (4.0 cr)
HSM 4212 - Regulatory Management (3.0 cr)
MGMT 3210 - Supervision and Leadership (3.0 cr)
MGMT 3220 - Human Resource Management (3.0 cr)
COMM 3008 - Business Writing (3.0 cr)
   or COMM 3303 - Writing in Your Profession (3.0 cr)

Liberal Education Requirements
Requirements = 21 credits. Students must take 3 credits of humanities and 3 credits of social sciences in addition to the following specified courses.
COMP 1011 - Composition I [COMMUNICAT] (3.0 cr)
COMP 1013 - Composition II [COMMUNICAT] (3.0 cr)
SPCH 1101 - Public Speaking [COMMUNICAT] (3.0 cr)
MATH 1031 - College Algebra [MATH THINK] (3.0 cr)
   or MATH 1150 - Elementary Statistics [MATH THINK] (3.0 cr)
PSY 1001 - General Psychology [HI/BEH/SSC] (3.0 cr)
   or SOC 1001 - Introduction to Sociology [HI/BEH/SSC, HUMAN DIV] (3.0 cr)

Technology Requirement
Requirements = 3 credits
Take 3 or more credit(s) from the following:
• CA 1xxx

Occupational Course Requirements
Take 38 credits of occupational courses from partner schools, selected in consultation with an adviser.

Science Electives
Students must take 9 credits.

Electives
Take 6 credits of open electives. The following courses are required for license as a nursing home administrator: Acct 2101, Acct 2102, HSM 3030, Soc 3937.
Crookston Campus
Applied Studies B.S.
Liberal Arts and Education

Academic Affairs

- Program Type: Baccalaureate
- Requirements for this program are current for Fall 2013
- Required credits to graduate with this degree: 120
- Required credits within the major: 51
- Degree: Bachelor of Science

The applied studies program addresses the needs of individuals whose educational objectives cannot be met through traditional degree programs. It provides a professionally accommodating entry point for students with previous educational and technical competencies to develop an individualized B.S. degree.

Program outcomes: graduates will
* complete an individually tailored course of study that builds upon prior education and experience
* demonstrate technical competencies in selected areas of study in an internship setting
* demonstrate skills in communication, problem solving and working with others in a capstone experience
* meet career development goals related to achieving a baccalaureate degree.

Program Delivery
This program is available:
* via classroom (the majority of instruction is face-to-face)

Admission Requirements
Students must complete 60 credits before admission to the program.

For information about University of Minnesota admission requirements, visit the Office of Admissions website.

General Requirements
All students are required to complete general University and college requirements. For more information, see the graduation requirements.

Program Requirements
Students develop a program of study selected to meet career goals. A specific program track in respiratory care is also available. Students must complete 40 upper division credits.

Applied Studies Seminar
APLS 4652 - Applied Studies Seminar (2.5 cr)

Liberal Education Requirements
A minimum of 40 liberal education credits required. Students must complete the 10 goal areas of the Minnesota Transfer Curriculum with the following specific liberal education courses required:
COMP 1011 - Composition I [COMMUNICAT] (3.0 cr)
COMP 1013 - Composition II [COMMUNICAT] (3.0 cr)
SPCH 1101 - Public Speaking [COMMUNICAT] (3.0 cr)

Technology Requirement
Students must take 3 credits of any CA courses.
CA 1xxx

Applied Studies Options
Students either design a program with two fields of study, in consultation with an adviser, or they complete the respiratory care requirements.
Self-Designed Program
Students complete at least two areas of study, with at least one area having an occupational direction. Technical courses taken at a technical college may be used to complete one area of study. The first area of study requires at least 27 credits of technical or occupational courses. The second area of study requires at least 18 credits of additional courses selected across the curriculum to meet specific career objectives. All courses must be selected in consultation with an adviser.

APLS 3001 - Individual Program Development (0.5 cr)
APLS 3900 - Internship/Field Experience (1.0 - 3.0 cr)
First area of study (27 crs)
Second area of study (18 crs)
Electives (need max of 26 crs)

-OR-

Respiratory Care
Complete the requirements in the respiratory care subplan.

Program Sub-plans
A sub-plan is not required for this program.

Respiratory Care
Respiratory care program outcomes: graduates will
* demonstrate respiratory care competencies in clinical settings as appropriate for certification in respiratory care
* demonstrate skills in communication, problem solving and working with others in an appropriate capstone experience
* meet career development goals related to achieving a baccalaureate degree

Courses taken at Northland Community and Technical College, East Grand Forks, will be transferred in to complete the 1st area (23 credits) and 2nd area (31 credits) of study.

1st Area of Study
Courses taken at Northland Community and Technical College - minimum 23 credits: Biol 2221, 2252, 2254, Resp 1104, 1110, 1120, 1124

2nd Area of Study
Courses taken at Northland Community and Technical College - minimum 31 credits: Resp 2206, 2212, 2242, 2248, 2252, 2258, 2262, 2266, 2276

Electives
Students need to take a maximum of 20.5 credits of electives to reach the 120 credits needed for graduation.

Online
The applied studies bachelor of science program is available online. Its requirements are identical with those of the on-campus B.S. program.

Online
Requirements are identical with those of the on-campus B.S. program.

- Required credits within the major: 60 to 69
- This program requires summer terms.
- Degree: Bachelor of Science

(A collaborative program with the University of North Dakota Aviation Foundation)

The aviation program trains students to excel in the increasingly sophisticated and competitive profession of aviation. Extensive coursework in aviation, liberal education, and other disciplines provides the graduate with the skills for success. The University of North Dakota (UND AEROSPACE), an internationally recognized collegiate flight training center, provides aircraft, simulators, flight instructors, and aviation course materials under contract.

Only full-time students (taking 12 credits or more) may enroll in flight training courses; others must obtain consent from the aviation program manager. Pilot certification courses include private pilot, commercial pilot, instrument rating, certified flight instructor, instrument flight instructor, multi-engine rating, and multi-engine flight instructor. Non-certificate courses include conventional gear (tail wheel) operations, advanced conventional gear operations, and natural resources/law enforcement applications. Students enrolling with previous flight training or experience may receive college credit after a practical test is administered by the aviation program manager or an appointed check pilot. Aviation students attend all classes on the UMC campus. Flight training is conducted at the UMC flight training center located at the Crookston Municipal Airport, three miles north of the University.

The aviation program includes flight courses for which students incur costs over and above regular tuition rates. These costs vary and depend on the courses taken, as well as the aircraft and flight instructor time used. Call the aviation program manager (218-281-8114).

Depending upon career interest, students may choose from two areas of emphasis: agricultural or law enforcement aviation. Two other options available are the business management major with a business aviation emphasis or natural resources major with a natural resources aviation emphasis.

Admission Requirement: No medical or physical limitation that would prevent the student from holding a F.A.A. second class medical certificate.

Program Delivery
This program is available:
- via classroom (the majority of instruction is face-to-face)

Admission Requirements
For information about University of Minnesota admission requirements, visit the Office of Admissions website.

General Requirements
All students are required to complete general University and college requirements. For more information, see the graduation requirements.

Program Requirements
Students must complete 40 upper division credits.

Aviation Program Requirements
Required Courses - 29 credits
AVIA 1103 - Introduction to Aviation (4.0 cr)
AVIA 1104 - Introduction to Aviation Flight Lab (1.0 cr)
AVIA 1396 - Conventional Aircraft Operations (1.0 cr)
AVIA 2220 - Basic Attitude Instrument Flying (2.0 cr)
AVIA 2221 - Basic Attitude Instrument Flying Lab (1.0 cr)
AVIA 2222 - IFR Regulations and Procedures (2.0 cr)
AVIA 2223 - IFR Regulations and Procedures Flight Lab (1.0 cr)
AVIA 3320 - Airplane Aerodynamics (2.0 cr)
AVIA 3321 - Airplane Aerodynamics Flight lab (1.0 cr)
AVIA 3324 - Aircraft Systems and Instruments (3.0 cr)
AVIA 3396 - Advanced Conventional Aircraft Operations (1.0 cr)
COMM 3303 - Writing in Your Profession (3.0 cr)
NATR 3899 - Pre-Internship Seminar (0.5 cr)
NATR 3900 - Internship (0.5 - 4.0 cr)
NATR 3901 - Post-Internship Seminar (0.5 cr)
NATR 4652 - Seminar (1.0 cr)
SWM 3103 - Meteorology and Climatology (3.0 cr)

Liberal Education Requirements
A minimum of 40 liberal education credits are required. Students must complete the 10 goal areas of the Minnesota Transfer Curriculum with the following specific liberal education courses required:
BIOL 1009 - General Biology [BIOL SCI, PEOPLE/ENV] (4.0 cr)
CHEM 1001 - Introductory Chemistry [PHYS SCI] (4.0 cr)
COMP 1011 - Composition I [COMMUNICAT] (3.0 cr)
COMP 1013 - Composition II [COMMUNICAT] (3.0 cr)
MATH 1031 - College Algebra [MATH THINK] (3.0 cr)
PHYS 1012 - Introductory Physics [PHYS SCI, PEOPLE/ENV] (4.0 cr)
SPCH 1101 - Public Speaking [COMMUNICAT] (3.0 cr)

Technology Requirement
Take 3 credits of any Computer Application (CA) courses
CA 1xxx

Program Sub-plans
Students are required to complete one of the following sub-plans. (Note for the Twin Cities and Morris campuses: The honors sub-plan does not meet this requirement. Honors students are required to complete one sub-plan plus the honors sub-plan. Please see an adviser if no honors sub-plan is listed for the program.)

Agricultural Aviation
This emphasis leads to careers in aerial application, aerial firefighting, aerial photography, charter pilot, or pilot representative for an agricultural business.

Program outcomes: graduates will
* demonstrate competency in aeronautics
* demonstrate competency in applied agronomy
* demonstrate the use of current technology in aviation, agriculture, and applied business
* demonstrate critical thinking to analyze situations in aeronautics and applied agriculture

Agricultural Aviation Emphasis Requirements
Required Courses - 31 credits
AGRO 1030 - Crop and Weed Identification (3.0 cr)
AGRO 1183 - Field Crops: Production Principles (3.0 cr)
AGRO 2573 - Entomology (3.0 cr)
AGRO 2640 - Applied Agriculture Chemicals (3.0 cr)
AGRO 3230 - Introduction to Plant Pathology (3.0 cr)
AGRO 3444 - Crop Production (4.0 cr)
BIOL 2022 - General Botany (3.0 cr)
ENTR 2200 - Introduction to Entrepreneurship and Small Business (3.0 cr)
MKTG 2200 - Personal Selling (3.0 cr)
SOIL 1293 - Soil Science (3.0 cr)
Agriculture/Natural Resources Electives
Students must take 7 credits.
Open Electives
Students must take enough Open Electives credits to meet the 120 credit requirement for graduation.

Law Enforcement Aviation
This emphasis provides training in aviation, law enforcement, and liberal education. It leads to careers as law enforcement pilots employed by local, state, and federal agencies such as the U.S. Customs and Border Protection, state/federal conservation offices, and state/county/local law enforcement agencies.
Program outcomes: graduates will
*demonstrate competency in aeronautics
*perform group problem solving, decision making, and conflict management activities
*demonstrate critical thinking to analyze situations in aeronautics and law enforcement
*be prepared to attend the peace officers skills training academy

After completing all required coursework, students may attend a skills session and take the Minnesota Peace Officer Standards and Training (P.O.S.T) certification examination, as coordinated by Bemidji State University.

Law Enforcement Aviation Emphasis Requirements
Required Courses - 40 credits
- AVIA 3602 - Natural Resources and Enforcement Applications (2.0 cr)
- CRJS 1500 - Introduction to Criminal Justice [HI/BEH/SSC, ETH/CIV RE] (4.0 cr)
- CRJS 2500 - Introduction to Policing (3.0 cr)
- CRJS 2550 - Traffic Law (2.0 cr)
- CRJS 2560 - First Responder (3.0 cr)
- CRJS 3505 - Judicial Process (3.0 cr)
- CRJS 3525 - Juvenile Justice and Delinquency (3.0 cr)
- CRJS 3530 - Criminal Justice Diversity (3.0 cr)
- CRJS 3550 - Criminal Investigation (3.0 cr)
- CRJS 3575 - Critical Issues in Policing (3.0 cr)
- CRJS 4510 - Victimology (3.0 cr)
- CRJS 4540 - Criminal Law (4.0 cr)
- CRJS 4550 - Criminal Procedure (4.0 cr)

Agriculture/Natural Resources/Business Electives
Students must take 6 credits.

Open Electives
Students must take enough Open Electives credits to meet the 120 credit requirement for graduation.
Crookston Campus
Biology B.S.
Math, Science and Technology

Academic Affairs

• Program Type: Baccalaureate
• Requirements for this program are current for Fall 2013
• Required credits to graduate with this degree: 120
• Required credits within the major: 74
• This program requires summer terms.
• Degree: Bachelor of Science

The B.S. in biology provides students with a broad knowledge of the biological sciences while introducing them to the practical skills needed in today's biotech industries and the background required to be successful applicants to graduate programs. Students may choose from advanced courses designed to emphasize studies in either animal or plant systems while participating in a common core of courses which provide knowledge in the basic principles relevant to both areas.

Program outcomes: graduates will
* explain and reconstruct the scientific method and can apply this mode of inquiry in a laboratory setting

* explain and apply basic principles of biology in work setting

* demonstrate teamwork skills

* apply, critique, and synthesize protocols from current literature

* demonstrate and critique effective oral and written communication skills

* formulate proper data collection and analysis methods

* interpret and practice professional and ethical behavior related to biological research

* identify, provide examples, differentiate, and integrate current biology techniques into their scientific investigations

Program Delivery
This program is available:
• via classroom (the majority of instruction is face-to-face)

Admission Requirements
For information about University of Minnesota admission requirements, visit the Office of Admissions website.

General Requirements
All students are required to complete general University and college requirements. For more information, see the graduation requirements.

Program Requirements

Biology Core Requirements
Required Courses - 38 credits
BIOL 1001 - Nature of Life (2.0 cr)
BIOL 1009H - Honors: General Biology [BIOL SCI, PEOPLE/ENV] (4.0 cr)
BIOL 2032 - General Microbiology (4.0 cr)
BIOL 3022 - Principles of Genetics (3.0 cr)
BIOL 3027 - Cell Biology (3.0 cr)
BIOL 3122 - Evolution (3.0 cr)
BIOL 3822 - Techniques in Molecular Biology (4.0 cr)
BIOL 3899 - Pre-Internship Seminar (0.5 cr)
BIOL 3900 - Internship (1.0 - 2.0 cr)
BIOL 3901 - Post-Internship Seminar (0.5 cr)
Biology Major Electives
Take 10 - 12 credit(s) from the following:
- AGRO 3030 - Research Techniques (3.0 cr)
- AGRO 3230 - Introduction to Plant Pathology (3.0 cr)
- ANSC 3203 - Animal Anatomy and Physiology (4.0 cr)
- ANSC 3304 - Reproduction, AI, and Lactation (4.0 cr)
- BIOL 2103 - Human Anatomy and Physiology I (4.0 cr)
- BIOL 2104 - Human Anatomy and Physiology II (4.0 cr)
- BIOL 3131 - Plant Physiology (3.0 cr)
- BIOL 3140 - Histology (4.0 cr)
- BIOL 3464 - Mammalogy (3.0 cr)
- BIOL 3466 - Ornithology (3.0 cr)
- BIOL 3722 - Limnology (3.0 cr)
- BIOL 3994 - Undergraduate Research (1.0 - 3.0 cr)
- BIOL 4361 - Developmental Biology (4.0 cr)
- GEOL 1001 - Introductory Geology [PHYS SCI, PEOPLE/ENV] (3.0 cr)
- HSCI 1123 - Fundamentals of Nutrition [BIOL SCI] (3.0 cr)
- MATH 1272 - Calculus II (4.0 cr)
- NATR 3364 - Plant Taxonomy (3.0 cr)
- SOIL 1293 - Soil Science (3.0 cr)
- AGRO 2573 - Entomology (3.0 cr)
  or NATR 2573 - Entomology (3.0 cr)

Open Electives
Students must take enough open electives credits to meet the 120 credit graduation requirement.
**Crookston Campus**

**Communication B.S.**

*Liberal Arts and Education*

**Academic Affairs**

- Program Type: Baccalaureate
- Requirements for this program are current for Fall 2013
- Required credits to graduate with this degree: 120
- Required credits within the major: 60
- Degree: Bachelor of Science

The B.S. in communication prepares students to be effective communicators in professional settings. Graduates can expect to find or create jobs in areas such as general corporate management, human resources, marketing, public relations, sports information, and technical communication. Communication graduates may also hold jobs as communication consultants, communication directors, event planners, political campaign leaders, public affairs officers, public information officers, publication designers and editors, speech writers, and online content managers.

The program provides transferable skills by emphasizing communication theory and practice in the creation, development, presentation, and evaluation of coherent messages. Students use communication strategies to create publications (newsletters, brochures, flyers, news releases, communication plans), design online resources, plan events, and manage projects.

The concentration area lets students select courses to focus their professional career preparation.

Program outcomes: graduates will

* demonstrate proficiencies in applying theory, listening, reading, speaking, and writing professional contexts
* demonstrate technology proficiencies in computer applications
* demonstrate critical thinking and problem-solving skills, including analyzing, interpreting, and evaluating applied communication
* demonstrate proficiencies in interpersonal and group processes, conflict management, collaboration, team building, and leadership
* demonstrate understanding of the ethical behavior practiced in professional contexts
* demonstrate awareness and sensitivity required for communicating in culturally diverse groups

- COMM 3857 - Technical Communication (3.0 cr)
- COMM 4000 - News and Promotional Writing (3.0 cr)
- COMM 4002 - Intercultural Communication (3.0 cr)
- COMM 4007 - Political Communication (3.0 cr)
- COMM 4704 - Organizational Communication (3.0 cr)
- COMM 4800 - Crisis Communication (3.0 cr)
- COMM 4802 - Publication Design and Management (3.0 cr)
- COMM 4850 - Report Writing (3.0 cr)
- COMM 4900 - Public Relations (3.0 cr)

Technology Electives
Take 3 credits of any Computer Application (CA) courses.
CA 1xxx

Open Electives
Students must take enough Open Electives credits to satisfy the 120 credit graduation requirement.

Program Sub-plans
Students are required to complete one of the following sub-plans. (Note for the Twin Cities and Morris campuses: The honors sub-plan does not meet this requirement. Honors students are required to complete one sub-plan plus the honors sub-plan. Please see an adviser if no honors sub-plan is listed for the program.)

Communication Studies
The focus of this emphasis area is the theory, practice, and critique of communication. This area can be conceived as a broad based study or as an applied and career oriented learning program. This area allows students to craft a personalized concentration of courses; these courses can reflect all areas of the university or target specific career aspirations. These courses can be from outside the communication program curriculum for an interdisciplinary approach or from within the communication program. Communication with a concentration of courses in management, communication with a concentration of courses in marketing, or communication with a concentration of courses in sports management are examples. This area could also reflect a combination of courses from the organizational/public relations and writing plans.

Communication Studies graduates find or create careers in all sectors of the economy. These professionals meet the communication needs of the businesses and industries in which they work. Communication Directors, Event Planners, and Sports Information Directors are examples. A minor representing a subject field would be an excellent supplement to the program in communication and/or to the
personalized concentration of courses.

**Emphasis Requirements**
Complete 21 credits of concentration (courses to be chosen in consultation with the student's advisor); a minimum of 9 credits must be upper division.

**Organization Communication/Public Relations**
The focus of this emphasis area is communication within organizations and communication with public constituencies. Conflict management, group and team dynamics, and leadership are key areas of study, as well as research, audience analysis, strategic design, implementation, and message evaluation. This area addresses internal organizational power and politics, as well as making effective connections with the public. It deals with the daily internal organizational communication that socializes employees, the strategic external communication that connects with the public, and the non-routine persuasive communication that needs to be used to effectively respond to a crisis.

Organizational communication/public relations graduates find or create careers in Corporate Communication, Public Relations, Media Relations, and other. These professionals meet the communication needs of the businesses and industries in which they work. Minors in business management and marketing are excellent supplements to the program in communication with this emphasis area.

**Emphasis Requirements**
Required courses - 12 credits
- COMM 3008 - Business Writing (3.0 cr)
- COMM 4000 - News and Promotional Writing (3.0 cr)
- COMM 4704 - Organizational Communication (3.0 cr)
- COMM 4900 - Public Relations (3.0 cr)

**Emphasis Electives**
Take 9 or more credit(s) from the following:
- COMM 3610 - Corporate Training (3.0 cr)
- COMM 3710 - Event Planning and Management (3.0 cr)
- COMM 4002 - Intercultural Communication (3.0 cr)
- COMM 4007 - Political Communication (3.0 cr)
- COMM 4800 - Crisis Communication (3.0 cr)
- COMM 4802 - Publication Design and Management (3.0 cr)

**Writing**
The focus of this emphasis area is writing. A solid core in English grammar and usage, visual communication, editing, and publication design and management lead to applications in business writing, creative writing, intercultural writing, news and promotional writing, report writing, and technical communication. This area addresses the theory and practice of the craft. It includes fiction and non-fiction; text for reports, manuals, and project proposals; and text for journals, magazines, newspapers, and social media.

Writing professionals find or create careers as Business Writers, Editors, Freelance Writers, and Technical Writers. These professionals find jobs in book, magazine, and newspaper publishing companies; businesses and industries; computer software firms; engineering firms; government agencies; health care organizations; and other. A minor representing a subject field would be an excellent supplement to the program in communication with this emphasis area.

**Emphasis Requirements**
Required Courses - 12 credits
- COMM 2223 - English Grammar and Usage (3.0 cr)
- COMM 3537 - Visual Communication (3.0 cr)
- COMM 3856 - Editing (3.0 cr)
- COMM 4802 - Publication Design and Management (3.0 cr)

**Emphasis Electives**
Take 9 or more credit(s) from the following:
- COMM 2335 - Introduction to Creative Writing (3.0 cr)
- COMM 3008 - Business Writing (3.0 cr)
- COMM 3857 - Technical Communication (3.0 cr)
- COMM 4000 - News and Promotional Writing (3.0 cr)
- COMM 4002 - Intercultural Communication (3.0 cr)
- COMM 4850 - Report Writing (3.0 cr)

**Communication (Online)**
This sub-plan is optional and does not fulfill the sub-plan requirement for this program.

The B.S. in communication prepares students to be effective communicators in professional settings. Graduates can expect to find or create jobs in areas such as general corporate management, human resources, marketing, public relations, sports information, and
technical communication. Communication graduates may also hold jobs as communication consultants, communication directors, event planners, political campaign leaders, public affairs officers, public information officers, publication designers and editors, speech writers, and online content managers.

The program provides transferable skills by emphasizing communication theory and practice in the creation, development, presentation, and evaluation of coherent messages. Students use communication strategies to create publications (newsletters, brochures, flyers, news releases, communication plans), design online resources, plan events, and manage projects.

The concentration area lets students select courses to focus their professional career preparation.

The Communication Online B.S. program has the same curriculum as the on-campus program. The only difference is that the online program has an additional one credit technology requirement. To offset this 1 credit requirement, students take one less credit of electives. As with the on-campus program, online students will need to choose one of the three available sub-plans of the Communication B.S. program (Communication Studies, Organization Communication/Public Relations, or Writing).

**Technology Requirement**
- Required course - 1 credit
- **GBUS 1005 - Orientation to Online Learning (1.0 cr)**
Criminal Justice B.S.

Liberal Arts and Education

Academic Affairs

- Program Type: Baccalaureate
- Requirements for this program are current for Fall 2013
- Required credits to graduate with this degree: 120
- Required credits within the major: 120
- This program requires summer terms.
- Degree: Bachelor of Science

The career oriented bachelor of science in criminal justice degree at the University of Minnesota, Crookston, is designed for students interested in a professional career in the rapidly expanding criminal justice field. The program has an interdisciplinary criminal justice curriculum that provides students the opportunity to incorporate learning that is identified by employers as being critical to career success. The program provides high quality education in both academic and professional areas, offers unique training and internship experiences, a positive entry-level employment outlook among criminal justice agencies, and an academic platform to continue graduate training in fields such as political science, law, public administration, criminal justice/criminology, psychology, and social work.

Criminal justice majors choose either a law enforcement or corrections emphasis. Both emphases include elective credits that allow students to choose courses of specific interest. Students who complete the law enforcement emphasis and approved skills training will be eligible to take the state board exam to become a licensed police officer.

Program outcomes—graduates will

* demonstrate a comprehensive understanding and knowledge of the criminal justice system, juvenile justice system, public administration/policy, criminal behavior, law, criminal justice issues, and criminology

* identify the ethical issues inherent in criminal justice

* demonstrate proficiencies in policing philosophies, including analyzing, understanding, and evaluating criminal evidence, investigation and surveillance techniques

* explain correctional philosophies and understand the historical and current dilemmas in corrections

* discuss the concepts of due process of law, criminal procedure, defendant's rights, victim's rights, and constitutional rights

* describe programs and services that are effective for combating crime

Program Delivery

This program is available:
- via classroom (the majority of instruction is face-to-face)

Admission Requirements

For information about University of Minnesota admission requirements, visit the Office of Admissions website.

General Requirements

All students are required to complete general University and college requirements. For more information, see the graduation requirements.

Program Requirements

Program Core Requirements

Required courses - 38 credits
- CRJS 1500 - Introduction to Criminal Justice [HI/BEH/SSC, ETH/CIV RE] (4.0 cr)
- CRJS 2100 - Crime and Criminology (3.0 cr)
- CRJS 2400 - Introduction to Policing (3.0 cr)
- CRJS 3505 - Judicial Process (3.0 cr)
CRJS 3515 - Criminal Justice Ethics (3.0 cr)
CRJS 3525 - Juvenile Justice and Delinquency (3.0 cr)
CRJS 3530 - Criminal Justice Diversity (3.0 cr)
CRJS 3900 - Criminal Justice Field Placement (Internship) (3.0 cr)
CRJS 4540 - Criminal Law (4.0 cr)
PSY 3604 - Abnormal Psychology (3.0 cr)
SOC 3001 - Social and Behavioral Science Research Methods (3.0 cr)

Liberal Education Requirements
Minimum of 40 liberal education credits required. Students must complete the 10 goal areas of the Minnesota Transfer Curriculum with the following specific liberal education courses required:

COMP 1011 - Composition I [COMMUNICAT] (3.0 cr)
COMP 1013 - Composition II [COMMUNICAT] (3.0 cr)
MATH 1150 - Elementary Statistics [MATH THINK] (3.0 cr)
POL 1001 - American Government [ETH/CIV RE] (4.0 cr)
PSY 1001 - General Psychology [HI/BEH/SSC] (3.0 cr)
SOC 1001 - Introduction to Sociology [HI/BEH/SSC, HUMAN DIV] (3.0 cr)
SPCH 1101 - Public Speaking [COMMUNICAT] (3.0 cr)

Technology Requirement
Take 3 credits of any CA courses.
CA 1xxx

Program Sub-plans
Students are required to complete one of the following sub-plans. (Note for the Twin Cities and Morris campuses: The honors sub-plan does not meet this requirement. Honors students are required to complete one sub-plan plus the honors sub-plan. Please see an adviser if no honors sub-plan is listed for the program.)

Corrections Area of Emphasis
Students can complete the corrections emphasis to better prepare themselves in the field of adult and juvenile corrections.

Corrections Requirements
Required courses - 12 credits
CRJS 3455 - Institutional Corrections (3.0 cr)
CRJS 3465 - Strategies in Correctional Rehabilitation (3.0 cr)
CRJS 3475 - Community Corrections (3.0 cr)
CRJS 4435 - Theories of Punishment (3.0 cr)

Corrections Electives
Take 6 or more credit(s) from the following:
- CRJS 1803 - Directed Studies (1.0 - 15.0 cr)
- CRJS 2550 - Traffic Law (2.0 cr)
- CRJS 2560 - First Responder (3.0 cr)
- CRJS 3350 - Criminal Justice Administration (3.0 cr)
- CRJS 3520 - Natural Resource Law Enforcement Techniques (3.0 cr)
- CRJS 3550 - Criminal Investigation (3.0 cr)
- CRJS 3575 - Critical Issues in Policing (3.0 cr)
- CRJS 3804 - Individual Studies (1.0 - 0.0 cr)
- CRJS 4315 - Women and Crime (3.0 cr)
- CRJS 4390 - Special Topics in Criminal Justice (1.0 - 3.0 cr)
- CRJS 4510 - Victimology (3.0 cr)
- CRJS 4550 - Criminal Procedure (4.0 cr)
- MGMT 3210 - Supervision and Leadership (3.0 cr)
- PUBH 3005 - Fundamentals of Alcohol and Drug Abuse (UMTC) (1.0 cr)

Corrections Open Electives
Students must complete enough open electives credits to meet the 120 credit graduation requirement (approximately 21 credits will be needed).

Law Enforcement Area of Emphasis
Students can complete the academic requirements needed for Peace Officer Standards & Training in order to become a law enforcement officer in Minnesota.

Law Enforcement Requirements
Required courses - 18 credits
CRJS 2550 - Traffic Law (2.0 cr)
CRJS 2560 - First Responder (3.0 cr)
CRJS 3550 - Criminal Investigation (3.0 cr)
CRJS 3575 - Critical Issues in Policing (3.0 cr)
CRJS 4510 - Victimology (3.0 cr)
CRJS 4550 - Criminal Procedure (4.0 cr)

Law Enforcement Electives
Take 6 or more credit(s) from the following:
• CRJS 1803 - Directed Studies (1.0 - 15.0 cr)
• CRJS 3350 - Criminal Justice Administration (3.0 cr)
• CRJS 3455 - Institutional Corrections (3.0 cr)
• CRJS 3465 - Strategies in Correctional Rehabilitation (3.0 cr)
• CRJS 3475 - Community Corrections (3.0 cr)
• CRJS 3520 - Natural Resource Law Enforcement Techniques (3.0 cr)
• CRJS 3804 - Individual Studies (1.0 - 3.0 cr)
• CRJS 4315 - Women and Crime (3.0 cr)
• CRJS 4390 - Special Topics in Criminal Justice (1.0 - 3.0 cr)
• CRJS 4435 - Theories of Punishment (3.0 cr)
• MGMT 3210 - Supervision and Leadership (3.0 cr)
• PUBH 3005 - Fundamentals of Alcohol and Drug Abuse (UMTC) (1.0 cr)

Law Enforcement Open Electives
Students must complete enough open electives credits to meet the 120 credit graduation requirement (approximately 15 credits will be needed).
**Crookston Campus**

**Early Childhood Education B.S.**

*Liberal Arts and Education*

**Academic Affairs**

- Program Type: Baccalaureate
- Requirements for this program are current for Fall 2013
- Required credits to graduate with this degree: 120 to 125
- Required credits within the major: 72 to 82
- Degree: Bachelor of Science

The B.S. degree in early childhood education is a career-oriented program that prepares students to earn their Minnesota teacher’s license, a professional licensure that allows teaching young children from birth through third grade.

Graduates of this teacher education program design, implement, and evaluate developmentally appropriate learning experiences for young children in a variety of early childhood settings. They are prepared to work collaboratively with families and in the community. Significant opportunities for professional positions exist in these educational programs: infant and toddler care and education, preschool programs, K-3 classrooms, Head Start, and early childhood family education.

This degree program has four academic core areas of required coursework—education core, early childhood and family core, infant and toddler education core, and preprimary education core—and two areas of emphasis—primary education and program management.

Students who expect to apply for teacher licensure must complete the primary education emphasis. Graduates with the primary education emphasis demonstrate competencies as described in the MN Board of Teaching, Rules 8710.3000, Standard for Teachers of Early Childhood Education (ECE) and in MN Rules 8710.2000, Standards for Effective Practice for all Teachers. See program outcomes listed in the sub-plan descriptions below.

**Program Delivery**

This program is available:
- via classroom (the majority of instruction is face-to-face)

**Admission Requirements**

A GPA above 2.0 is preferred for the following:
- 2.50 already admitted to the degree-granting college
- 2.50 transferring from another University of Minnesota college
- 2.50 transferring from outside the University

1. Earn a minimum GPA of 2.50 overall.

2. Take the Minnesota Teacher Licensure Examination (MTLE), Basic Skills tests.

3. Purchase personal Liability Insurance: can be obtained inexpensively through an annual student membership in Education Minnesota.

4. Successful completion of ED 2200, Foundations of Education.

5. Complete and submit Teacher Education Application Packet.

For information about University of Minnesota admission requirements, visit the Office of Admissions website.

**General Requirements**

All students are required to complete general University and college requirements. For more information, see the graduation requirements.

**Program Requirements**

Students must complete 40 upper division credits. Students must maintain a minimum GPA of 2.50 throughout their enrollment in the program and must earn a C- or better in all program required courses plus ART 2000 and ECE 2100.
Early Childhood and Family Core
Required courses - 15 credits
ECE 2300 - Introduction to Early Childhood and Elementary Education (3.0 cr)
ECE 4500 - Young Children With Special Needs (4.0 cr)
ECE 4730 - Understanding and Supporting Parenting (3.0 cr)
ECE 4750 - Family, School, and Community Relations (3.0 cr)
ECE 4880 - Administration of Early Childhood Programs (3.0 cr)

Education Core
Required courses - 10 credits
ECE 3901 - The Professional Teacher I (0.5 cr)
ECE 3902 - The Professional Teacher II (0.5 cr)
ED 2200 - Foundations of Education (3.0 cr)
ED 3000 - Cultural Immersion (1.0 cr)
ED 3110 - Educational Psychology (3.0 cr)
EDHD 5009 - Human Relations: Applied Skills for School and Society (UMTC) (1.0 cr)
PUBH 1003 - Alcohol and College Life (UMTC) (1.0 cr)

Infant and Toddler Education Core
Required courses - 11 credits
ECE 3410 - Learning Environments for Infants and Toddlers (4.0 cr)
ECE 3420 - Nurturing and Collaborative Relationships for Infants and Toddlers (2.0 cr)
ECE 4440 - Infant and Toddler Student Teaching (4.0 cr)

Preprimary Education Core
Required courses - 21 credits
ECE 4700 - Creative Arts and Language Arts: Preprimary (4.0 cr)
ECE 4702 - Mathematics, Social Studies, and Sciences: Preprimary (4.0 cr)
ECE 4811 - Preprimary Student Teaching I (6.0 cr)
ECE 4812 - Preprimary Student Teaching II (K) (4.0 cr)
ED 3010 - Child Guidance and Classroom Management (3.0 cr)

Liberal Education Requirements
A minimum of 40 liberal education credits are required. Students must complete the 10 goal areas of the Minnesota Transfer Curriculum with the following specific liberal education courses required.
ART 2000 - Elementary Art [HUMANITIES] (3.0 cr)
COMP 1011 - Composition I [COMMUNICAT] (3.0 cr)
COMP 1013 - Composition II [COMMUNICAT] (3.0 cr)
ECE 2100 - Child Development and Learning [HI/BEH/SSC] (3.0 cr)
SPCH 1101 - Public Speaking [COMMUNICAT] (3.0 cr)

Technology Requirements
Take 3 credits of any CA courses.
CA 1xxx

Program Sub-plans
Students are required to complete one of the following sub-plans. (Note for the Twin Cities and Morris campuses: The honors sub-plan does not meet this requirement. Honors students are required to complete one sub-plan plus the honors sub-plan. Please see an adviser if no honors sub-plan is listed for the program.)

Program Management
The program management emphasis is for students who wish to increase their academic preparation for supervisory, management, and/or leadership roles in child care and education programs.

Program outcomes: graduates will
* promote child development/learning
* encourage infant/toddler development/learning
* facilitate preprimary-aged children's development/learning
* assist in building family relationships
* document and assess to support young children

* become a reflective professional

* demonstrate ability to perform tasks associated with planning, organizing, staffing, leading, monitoring and controlling for quality in childcare programs

The emphasis requires 20 credits without Board of Teaching licensure.

**Program Management Emphasis Requirements**

 Required courses - 15 credits

ACCT 2101 - Principles of Accounting I (3.0 cr)
ENTR 2200 - Introduction to Entrepreneurship and Small Business (3.0 cr)
MGMT 3200 - Principles of Management (3.0 cr)
MGMT 3210 - Supervision and Leadership (3.0 cr)
MKTG 3300 - Principles of Marketing (3.0 cr)

**Electives**

Students must take enough electives credits (selected in consultation with and approved by their adviser) to meet the 120 credit graduation requirement. Number of credits needed (approximately 5 credits) depends on LE course selections.

**Primary Education**

The primary education emphasis is for students who wish to teach in public school classrooms with kindergarten through third grade, as well as early childhood education programs for infants, toddlers, and preschoolers.

Program outcomes: graduates will

* promote child development/learning

* encourage infant/toddler development/learning

* facilitate preprimary-aged children's development/learning

* facilitate primary-aged children's development/learning

* assist in building family relationships

* document and assess to support young children

* become a reflective professional

The emphasis requires 25 credits and completes requirements for Board of Teaching licensure.

**Primary Education Emphasis Requirements**

 Required courses - 25 credits

ED 3201 - Reading and Language Arts I (4.0 cr)
ED 3202 - Reading and Language Arts II (2.0 cr)
ED 3301 - Creating Meaning Through Literature and Arts (4.0 cr)
ED 3860 - Mathematics for Elementary Teaching (1.0 cr)
ED 3870 - Mathematics in Elementary Education (3.0 cr)
ED 2877 - Social Studies in Elementary Education (2.0 cr)
ED 4827 - Elementary Student Teaching (7.0 cr)
**Crookston Campus**

**Elementary Education B.S.**

*Liberal Arts and Education*

**Academic Affairs**

- Program Type: Baccalaureate
- Requirements for this program are current for Fall 2013
- Required credits to graduate with this degree: 120
- Required credits within the major: 64
- This program requires summer terms.
- Degree: Bachelor of Science

The B.S. degree in elementary education is a career-oriented program that prepares students to be effective teachers of young children from kindergarten through grade six.

Graduates of this teacher education program design, implement, and evaluate developmentally appropriate learning experiences for young children in elementary education classrooms. They are prepared to work collaboratively with families and in the community. Combined with the Preprimary Education Specialty or the Dual Major with Early Childhood Education, significant opportunities for professional positions exist in these programs: kindergarten through 6th grade, infant and toddler care and education, preschool programs, Head Start, and early childhood family education. This degree program has three academic core areas of required coursework: education core, family core, and elementary education core.

Graduates with the elementary education emphasis will demonstrate competencies as described in the MN Board of Teaching, Rules 8710.3200, Standard for Teachers of Elementary Education and in MN Rules 8710.2000, Standards for Effective Practice for all Teachers.

**Program Outcomes for Elementary Education**

Graduates will:
1. understand and apply educational principles relevant to the development of young children;
2. understand and apply the process of collaboration with families and other adults in support of the learning of young children;
3. understand how to integrate curriculum across subject areas in developmentally appropriate ways;
4. demonstrate knowledge of fundamental concepts of language arts, reading, and literature, mathematics, social studies, science, physical education and health, and visual and performing arts;
5. demonstrate ability in teaching approaches and instructional strategies to become effective teachers in the elementary level curriculum areas;
6. have knowledge of and ability to use a variety of assessment tools and practices to plan and evaluate effective teaching;
7. be able to create a motivating classroom learning environment; and
8. demonstrate a view of professional development as a career-long effort and responsibility.

**Program Delivery**

This program is available:
- via classroom (the majority of instruction is face-to-face)

**Admission Requirements**

Students must complete 30 credits before admission to the program.

A GPA above 2.0 is preferred for the following:
- 2.50 already admitted to the degree-granting college
- 2.50 transferring from another University of Minnesota college
- 2.50 transferring from outside the University

1. Register and complete the MTLE Basic Skills Exams - Subtest 1: Reading (test Code 001); Subtest 2: Writing (Test Code 002); Subtest 3: Math (Test Code 003).
2. Submit Teacher Education Application to Department Head, Liberal Arts and Education; deadline is the last day of instruction per semester.
3. Successful completion of Ed 2200 (Foundations of Education).
4. Purchase at UMC Bookstore the Teacher Education Program Portfolio packet and Insert BOT Standards Reflections completed for work completed in Ed 2200.
5. Submit writing sample - "Self-Reflection as a Prospective Professional Educator".

SPCH 1101 - Public Speaking [COMMUNICAT] (3.0 cr)

Technology Requirements
Students must take 3 credits of any CA courses.
CA 1xxx

Program Sub-plans
Students are required to complete one of the following sub-plans. (Note for the Twin Cities and Morris campuses: The honors sub-plan does not meet this requirement. Honors students are required to complete one sub-plan plus the honors sub-plan. Please see an adviser if no honors sub-plan is listed for the program.)
Elementary Education
Students in the elementary education sub-plan study a broad base of content and pedagogical knowledge to become skilled teachers in elementary classrooms. In addition to their classroom coursework, students engage in clinical field experiences in area schools at each stage of their education program of study, culminating in a student teaching experience.

Electives
Students must take enough electives to satisfy the 120 credit graduation requirement. Approximately 13 credits will be needed. Exact number will depend on how the student selects their liberal education courses to satisfy the Minnesota Transfer Curriculum.

Preprimary Education Specialty
Students opting for the preprimary specialty sub-plan are required to take all of the required courses in the elementary education sub-plan, but instead of enrolling in 13 credits of elective coursework, students take a prescribed set of preprimary courses including an additional preprimary student teaching experience. Students graduating in this sub-plan will be qualified to teach children from age three through sixth grade.

Preprimary Education Specialty Requirements
- ECE 4811 - Preprimary Student Teaching I (6.0 cr)
- ECE 4880 - Administration of Early Childhood Programs (3.0 cr)

Electives
Students must take enough electives to satisfy the 120 credit graduation requirement. Approximately 4 credits will be needed. Exact number will depend on how the student selects their liberal education courses to satisfy the Minnesota Transfer Curriculum.

ENSC 3124 - Environmental Science and Remediation Techniques (3.0 cr)
ENSC 3720 - Fate of Chemicals in the Environment (4.0 cr)
ENSC 4022 - Risk Assessment and Environmental Impact Statements (3.0 cr)
ENSC 4100 - Capstone in Environmental Science (3.0 cr)
NATR 1226 - Environmental Science and Sustainability [BIOL SCI, PEOPLE/ENV] (3.0 cr)

Chemistry Core Requirements (13 cr)
Some courses may also count towards the liberal education requirements.
CHEM 1021 - Chemical Principles I [PHYS SCI, PEOPLE/ENV] (4.0 cr)
CHEM 1022 - Chemical Principles II (4.0 cr)
CHEM 2301 - Organic Chemistry I (3.0 cr)
CHEM 2310 - Organic Chemistry Laboratory I (2.0 cr)

Math and Physics Core Requirements (7 cr)
Some courses may also count towards the liberal education requirements.
MATH 1150 - Elementary Statistics [MATH THINK] (3.0 cr)
PHYS 1101 - Introductory College Physics I [PHYS SCI] (4.0 cr)

Liberal Education Requirements
A minimum of 40 liberal education credits are required. Students must complete the 10 goal areas of the Minnesota Transfer Curriculum with the following specific liberal education courses required.
COMM 3303 - Writing in Your Profession (3.0 cr)
COMP 1011 - Composition I [COMMUNICAT] (3.0 cr)
COMP 1013 - Composition II [COMMUNICAT] (3.0 cr)
ECON 1010 - Global Trade Economics [GLOB PERSP] (3.0 cr)
ECON 2101 - Microeconomics [Hi/BEH/SSC] (3.0 cr)
SPCH 1101 - Public Speaking [COMMUNICAT] (3.0 cr)

Technology Requirement
Students must take 3 credits of any CA courses.
Take 1 or more course(s) totaling 3 or more credit(s) from the following:
• CA 1xxx

Program Sub-plans
Students are required to complete one of the following sub-plans. (Note for the Twin Cities and Morris campuses: The honors sub-plan does not meet this requirement. Honors students are required to complete one sub-plan plus the honors sub-plan. Please see an adviser if no honors sub-plan is listed for the program.)

Agricultural Environmental Stewardship
The B.S. in environmental sciences with an emphasis in agricultural environmental stewardship trains students with the scientific background and practical skills needed to successfully address environmental issues, by providing them with the background of agricultural operations that enables them to understand the fate of chemicals in the environment and the impact agriculture can have on the fate and transport of chemicals in the environment. Students also learn about techniques in various fields of agriculture that minimize the impact on the environment while still producing the food, energy, shelter, and other commodities needed to sustain the human population.

Graduates with this emphasis will
* be ideally suited to bridge the gap between agricultural production and environmental science.
* be ideally suited for employment with government agencies such as NRCS, USDA, EPA, and others.

Agric Environ Stewardship Requirements (24-25 cr)
AGRO 1183 - Field Crops: Production Principles (3.0 cr)
AGRO 3030 - Research Techniques (3.0 cr)
AGRO 3640 - Weed Science (3.0 cr)
ANSC 3004 - Livestock Facilities and Environmental Systems (3.0 cr)
ASM 2200 - Introduction to Renewable Energy Systems (3.0 cr)
NATR 2630 - Introduction to Geographic Information Systems (3.0 cr)
SOIL 1293 - Soil Science (3.0 cr)
MATH 1142 - Survey of Calculus [MATH THINK] (3.0 cr)
or MATH 1271 - Calculus I [MATH THINK] (4.0 cr)

Agricultural Environmental Stewardship Electives
Students must complete enough electives credits from the following courses to satisfy the 120 credit requirement for graduation.
Take 15 or more credit(s) from the following:
• AGRO 3130 - Forages (3.0 cr)
• AGRO 3444 - Crop Production (4.0 cr)
• ANSC 1205 - Beef and Dairy Production Techniques (2.0 cr)
• ANSC 2104 - Feeds and Feeding (4.0 cr)
• ANSC 3204 - Dairy Production (4.0 cr)
• ASM 3009 - Surveying (4.0 cr)
• ASM 3202 - Solar, Wind, and Geo-Thermal Systems (3.0 cr)
• ASM 3360 - Applications in Precision Agriculture (3.0 cr)
• NATR 3344 - Land Use Planning (3.0 cr)
• NATR 3635 - Geographic Information Systems Applications (3.0 cr)
• SOIL 3414 - Soil Fertility and Plant Nutrition (4.0 cr)
• SWM 3009 - Hydrology and Water Quality (4.0 cr)
• SWM 3224 - Soil and Water Conservation (4.0 cr)
• SWM 3225 - Watershed Management (3.0 cr)

Environmental Ecology
The B.S. in environmental sciences with an emphasis in environmental ecology is designed to not only provide students with the scientific background and practical skills needed to successfully address environmental issues, but also to provide graduating students with an ecological perspective on the relationships and interdependence of organisms in terrestrial and aquatic habitats. Students electing to pursue this emphasis area become familiar with water quality issues, soil quality issues, and research and analytical techniques used to analyze various substrates for environmental contaminants. Students learn the impact that human activities can have on these biota, but also how the biota can be used in biological remediation techniques to remove the contamination caused by
human activities.

Graduates with this emphasis will
* be ideally suited for environmental consulting firms

* understand the ecological relationships between biota and also how the ecosystems can be impacted by human activities.

* understand how to protect sensitive ecosystems and how to restore ecosystems that have already been impaired by human activities.

**Environmental Ecology Requirements (35 cr)**

AGRO 3030 - Research Techniques (3.0 cr)
BIOL 2022 - General Botany (3.0 cr)
CHEM 3022 - Analytical Chemistry and Spectroscopy (4.0 cr)
GEOL 1001 - Introductory Geology [PHYS SCI, PEOPLE/ENV] (3.0 cr)
MATH 1271 - Calculus I [MATH THINK] (4.0 cr)
NATR 3374 - Ecology [BIOL SCI] (4.0 cr)
NATR 3699 - Integrated Resource Management (3.0 cr)
SOIL 1293 - Soil Science (3.0 cr)
SOIL 3414 - Soil Fertility and Plant Nutrition (4.0 cr)
SWM 3009 - Hydrology and Water Quality (4.0 cr)

**Environmental Ecology Electives**

Students must complete enough electives credits from the following courses to satisfy the 120 credit requirement for graduation.

Take 5 or more credit(s) from the following:

- AGRO 3640 - Weed Science (3.0 cr)
- ANSC 3004 - Livestock Facilities and Environmental Systems (3.0 cr)
- BIOL 3131 - Plant Physiology (3.0 cr)
- NATR 2630 - Introduction to Geographic Information Systems (3.0 cr)
- NATR 3364 - Plant Taxonomy (3.0 cr)
- NATR 3376 - Wetland and Riparian Ecology and Management (3.0 cr)
- NATR 3660 - Prairie Ecosystem Management (2.0 cr)
- NATR 3699 - Integrated Resource Management (3.0 cr)
- PHYS 1102 - Introductory College Physics II [PHYS SCI] (4.0 cr)
- SWM 3224 - Soil and Water Conservation (4.0 cr)

**Environmental Health**

The B.S. in environmental sciences with an emphasis in environmental health trains students with the scientific background and practical skills needed to successfully address environmental issues while also providing them with an understanding of how environmental or occupational factors (physical, chemical, and biological) interact with a human body causing an adverse impact on human health or the ecological balances essential to long-term human survivorship.

Graduates with this emphasis will
* understand how environmental or occupational factors impact human health.

* be able to make recommendations as to when an environmental or occupational hazard needs to be remediated due to its impacts on human health.

* be ideal candidates for environmental health graduate programs, and as government health officials and environmental health and safety specialists within any organization.

**Environmental Health Requirements (33 cr)**

AGRO 3030 - Research Techniques (3.0 cr)
BIOL 2012 - General Zoology (4.0 cr)
BIOL 2103 - Human Anatomy and Physiology I (4.0 cr)
BIOL 2104 - Human Anatomy and Physiology II (4.0 cr)
CHEM 3022 - Analytical Chemistry and Spectroscopy (4.0 cr)
ENSC 3104 - Toxicology (3.0 cr)
MATH 1271 - Calculus I [MATH THINK] (4.0 cr)
NATR 3374 - Ecology [BIOL SCI] (4.0 cr)

**Environmental Health Electives**

Students must complete enough electives credits from the following courses to satisfy the 120 credit requirement for graduation.

Take 7 or more credit(s) from the following:

- AGRO 3640 - Weed Science (3.0 cr)
- CHEM 3021 - Biochemistry (3.0 cr)
- ENSC 3132 - Air, Water, and Human Health (3.0 cr)
Environmental Toxicology and Chemistry

The B.S. in environmental sciences with an emphasis in environmental toxicology and chemistry trains students with the scientific background and practical skills needed to successfully address environmental issues while also providing them with an understanding of the impacts of environmental contaminants on the biota. Chemical and toxicological aspects of environmental science are emphasized.

Graduates with this emphasis will
* understand what factors (chemical, biological, physical) impact the fate and transport of chemicals in the environment.
* understand phase partitioning and how to determine the ultimate fate of a chemical released into the environment.
* be ideally suited for environmental consulting firms, pharmaceutical companies, and government agencies such as EPA, USGS, and others.
* be ideal candidates for graduate programs in environmental toxicology, chemistry, ecotoxicology, or any other science based graduate program.

EnvironToxicology/Chem Requirements (28-29 cr)
AGRO 3030 - Research Techniques (3.0 cr)
CHEM 2302 - Organic Chemistry II (3.0 cr)
CHEM 2311 - Organic Chemistry Laboratory II (2.0 cr)
CHEM 3021 - Biochemistry (3.0 cr)
CHEM 3022 - Analytical Chemistry and Spectroscopy (4.0 cr)
ENSC 3104 - Toxicology (3.0 cr)
MATH 1271 - Calculus I [MATH THINK] (4.0 cr)
SOIL 1293 - Soil Science (3.0 cr)
BIOL 2012 - General Zoology (4.0 cr)
   or BIOL 2022 - General Botany (3.0 cr)

Environmental Toxicology and Chemistry Electives
Students must complete enough electives credits from the following courses to satisfy the 120 credit requirement for graduation. Take 11 or more credit(s) from the following:
* AGRO 3640 - Weed Science (3.0 cr)
* ENSC 3133 - Global Change and Biogeochemistry (3.0 cr)
* ENSC 3143 - Environmental Microbiology (3.0 cr)
* ENSC 4608 - Biodegradation and Bioremediation (3.0 cr)
* GEOL 1001 - Introductory Geology [PHYS SCI, PEOPLE/ENV] (3.0 cr)
* NATR 3374 - Ecology [BIOL SCI] (4.0 cr)
* NATR 3699 - Integrated Resource Management (3.0 cr)
* PHYS 1102 - Introductory College Physics II [PHYS SCI] (4.0 cr)
* SOIL 3414 - Soil Fertility and Plant Nutrition (4.0 cr)
* SWM 3009 - Hydrology and Water Quality (4.0 cr)

Individualized Environmental Sciences

The B.S. in environmental sciences with an emphasis in individualized environmental sciences allows students and advisers to select courses from the entire list of environmental science electives for the environmental sciences major. This allows students to work out an individual plan of study in cooperation with their academic advisers to prepare them for any particular aspect of environmental sciences that may not be covered by one of the existing emphasis areas. This emphasis area also allows great flexibility for individual students while maintaining the strong background in the sciences needed to be a successful environmental scientist.

Individualized Environmental Sciences Electives
Students must complete enough electives credits from the following courses to satisfy the 120 credit requirement for graduation. Take 40 or more credit(s) from the following:
* AGRO 3130 - Forages (3.0 cr)
* AGRO 3444 - Crop Production (4.0 cr)
* AGRO 3640 - Weed Science (3.0 cr)
* ANSC 1205 - Beef and Dairy Production Techniques (2.0 cr)
* ANSC 2104 - Feeds and Feeding (4.0 cr)
* ANSC 3004 - Livestock Facilities and Environmental Systems (3.0 cr)
* ANSC 3204 - Dairy Production (4.0 cr)
* ASM 3009 - Surveying (4.0 cr)
The B.S. in environmental sciences with an emphasis in water quality trains students with the scientific background and practical skills needed to successfully address environmental issues while also providing them with an understanding of water movement in terrestrial and aquatic systems and how this water movement impacts pollutant movement. In addition students will understand how the presence of pollutants in aquatic systems impacts the water quality and how watersheds can be managed to minimize the presence of pollutants and their impact on human and environmental health.

Graduates with this emphasis area will
* understand water movement and how water movement impacts pollutant movement.
* be ideally suited for environmental consulting firms, government agencies such as USGS, and others.

### Water Quality Requirements (34 cr)
- **AGRO 3030** - Research Techniques (3.0 cr)
- **BIOL 2022** - General Botany (3.0 cr)
- **BIOL 3722** - Limnology (3.0 cr)
- **CHEM 3022** - Analytical Chemistry and Spectroscopy (4.0 cr)
- **GEOL 1001** - Introductory Geology [PHYS SCI, PEOPLE/ENV] (3.0 cr)
- **MATH 1271** - Calculus I [MATH THINK] (4.0 cr)
- **NATR 3374** - Ecology [BIOL SCI] (4.0 cr)
- **NATR 3699** - Integrated Resource Management (3.0 cr)
- **SOIL 1293** - Soil Science (3.0 cr)
- **SWM 3009** - Hydrology and Water Quality (4.0 cr)

### Water Quality Electives
Students must complete enough electives credits from the following courses to satisfy the 120 credit requirement for graduation.

Take 6 or more credit(s) from the following:
- **AGRO 3640** - Weed Science (3.0 cr)
- **ENSC 3133** - Global Change and Biogeochemistry (3.0 cr)
- **ENSC 3143** - Environmental Microbiology (3.0 cr)
- **ENSC 4608** - Biodegradation and Bioremediation (3.0 cr)
- **NATR 2630** - Introduction to Geographic Information Systems (3.0 cr)
- **NATR 3376** - Wetland and Riparian Ecology and Management (3.0 cr)
- **PHYS 1102** - Introductory College Physics II [PHYS SCI] (4.0 cr)
- **SOIL 3414** - Soil Fertility and Plant Nutrition (4.0 cr)
- **SWM 3103** - Meteorology and Climatology (3.0 cr)
- **SWM 3224** - Soil and Water Conservation (4.0 cr)
- **SWM 3225** - Watershed Management (3.0 cr)
• Program Type: Baccalaureate
• Requirements for this program are current for Fall 2013
• Required credits to graduate with this degree: 120 to 124
• Required credits within the major: 72 to 84
• This program requires summer terms.
• Degree: Bachelor of Science

Program outcomes: graduates will
* demonstrate knowledge of theory and practical experience in physiology, nutrition, health, and reproduction of the horse;

* demonstrate a working knowledge of equine ownership responsibility and husbandry;

* be able to apply management theories and software and marketing strategies to equine and related enterprises;

* demonstrate horsemanship and training skills in a variety of disciplines and discern what methods work most effectively with horses of different temperaments and breeding/conformation;

* have practical skills and knowledge that will lead to a variety of employment opportunities in the equine industry.

Program Delivery
This program is available:
* via classroom (the majority of instruction is face-to-face)

Admission Requirements
For information about University of Minnesota admission requirements, visit the Office of Admissions website.

General Requirements
All students are required to complete general University and college requirements. For more information, see the graduation requirements.

Program Requirements
Students must complete 40 upper division credits.

Equine Science Program Requirements
Required courses - 49 credits
ANSC 1004 - Introduction to Animal Science (4.0 cr)
ANSC 2104 - Feeds and Feeding (4.0 cr)
ANSC 3023 - Animal Breeding (3.0 cr)
ANSC 3104 - Applied Animal Nutrition (4.0 cr)
ANSC 3203 - Animal Anatomy and Physiology (4.0 cr)
ANSC 3304 - Reproduction, AI, and Lactation (4.0 cr)
ANSC 3503 - Animal Health and Disease (3.0 cr)
BIOL 3022 - Principles of Genetics (3.0 cr)
EQSC 1002 - Equine Careers and Husbandry Practices (1.0 cr)
EQSC 1202 - Equine Evaluation (2.0 cr)
EQSC 2102 - Horse Production (4.0 cr)
EQSC 3403 - Equine Exercise Physiology (3.0 cr)
EQSC 4102 - Equine Management (3.0 cr)
GBUS 3107 - Legal Environment in Business (3.0 cr)
GNAG 3899 - Pre-Internship Seminar (0.5 cr)
GNAG 3900 - Internship (0.5 - 3.0 cr)
GNAG 3901 - Post Internship Seminar (0.5 cr)
GNAG 4652 - Senior Seminar (1.0 cr)

Liberal Education Requirements
A minimum of 40 liberal education credits required. Students must complete the 10 goal areas of the Minnesota Transfer Curriculum with the following specific liberal education courses required:
BIOL 1009 - General Biology [BIOL SCI, PEOPLE/ENV] (4.0 cr)
COMP 1011 - Composition I [COMMUNICAT] (3.0 cr)
COMP 1013 - Composition II [COMMUNICAT] (3.0 cr)
ECON 2101 - Microeconomics [HI/BEH/SSC] (3.0 cr)
MATH 1150 - Elementary Statistics [MATH THINK] (3.0 cr)
SPCH 1101 - Public Speaking [COMMUNICAT] (3.0 cr)

Technology Requirements
Students must take 3 credits of any CA courses.
CA 1xxx

Agriculture Electives
Students must take 2 credits of agriculture electives, selected in consultation with their adviser.

Open Electives
Students must take enough open electives credits to meet the 120-124 credit graduation requirement.

Program Sub-plans
Students are required to complete one of the following sub-plans. (Note for the Twin Cities and Morris campuses: The honors sub-plan does not meet this requirement. Honors students are required to complete one sub-plan plus the honors sub-plan. Please see an adviser if no honors sub-plan is listed for the program.)

Pre-Veterinary Medicine
The pre-veterinary medicine emphasis meets the course entry requirements for admission to the University of Minnesota College of Veterinary Medicine; however, similar entry requirements among colleges of veterinary medicine coupled with sufficient flexibility within the curriculum allow graduates to meet the admission requirements for many other institutions. Students who graduate are well prepared to pursue their career goal of becoming a veterinarian. Students are exposed to traditional classroom instruction as well as hands-on/experiential learning in the laboratory.

Pre-Veterinary Medicine Requirements
Required courses - 35 credits
BIOL 2012 - General Zoology (4.0 cr)
BIOL 2032 - General Microbiology (4.0 cr)
CHEM 1021 - Chemical Principles I [PHYS SCI, PEOPLE/ENV] (4.0 cr)
CHEM 1022 - Chemical Principles II (4.0 cr)
CHEM 2301 - Organic Chemistry I (3.0 cr)
CHEM 2310 - Organic Chemistry Laboratory I (2.0 cr)
CHEM 3021 - Biochemistry (3.0 cr)
PHYS 1101 - Introductory College Physics I [PHYS SCI] (4.0 cr)
PHYS 1102 - Introductory College Physics II [PHYS SCI] (4.0 cr)
Choose one of the following:
MATH 1031 - College Algebra [MATH THINK] (3.0 cr)
or MATH 1142 - Survey of Calculus [MATH THINK] (3.0 cr)

Pre-Veterinary Medicine Electives
Take 3 or more credit(s) from the following:
• EQSC 1000 - Light Horse Driving (2.0 cr)
• EQSC 1100 - Western Equitation (3.0 cr)
• EQSC 1200 - Hunt Seat & Dressage Equitation (3.0 cr)
• EQSC 1300 - Saddle Seat Equitation (2.0 cr)
• EQSC 3441 - Topics in Advanced Western Equitation (3.0 cr)
• EQSC 3443 - Topics in Advanced Equitation Over Fences (3.0 cr)
Equine Science
This emphasis leads graduates to equine careers, including management, training/showing, riding instruction, breeding/reproduction, feed production/sales, sales of equestrian equipment or pharmaceutical/health care products, and veterinary technician. Students receive classroom instruction and hands-on experiential learning. Focus is on the business/management aspect of the horse industry. Curriculum includes computer, communications training and sales training. Coursework includes riding instruction, nutrition, breeding, reproduction, horse production, evaluation, feeds, health/disease, management, training/showing, and facilities. Students can take courses specific to their interest.

Equine Science Requirements
Required courses - 23 credits
AGEC 3540 - Farm Business Management (3.0 cr)
AGEC 4740 - Grain and Livestock Marketing (3.0 cr)
CHEM 1401 - Elementary Bioorganic Chemistry [PHYS SCI, PEOPLE/ENV] (4.0 cr)
EQSC 3305 - Equine Reproductive Techniques (3.0 cr)
EQSC 3413 - Horse Training and Showing (3.0 cr)
MATH 1031 - College Algebra [MATH THINK] (3.0 cr)
Choose one of the following:
   CHEM 1001 - Introductory Chemistry [PHYS SCI] (4.0 cr)
   or CHEM 1021 - Chemical Principles I [PHYS SCI, PEOPLE/ENV] (4.0 cr)

Equine Science Electives
Take 7 or more credit(s) from the following:
+ EQSC 1000 - Light Horse Driving (2.0 cr)
+ EQSC 1100 - Western Equitation (3.0 cr)
+ EQSC 1200 - Hunt Seat & Dressage Equitation (3.0 cr)
+ EQSC 1300 - Saddle Seat Equitation (2.0 cr)
+ EQSC 2001 - Concepts in Dressage Equitation (3.0 cr)
+ EQSC 3441 - Topics in Advanced Western Equitation (3.0 cr)
+ EQSC 3443 - Topics in Advanced Equitation Over Fences (3.0 cr)
Crookston Campus

Business
Academic Affairs

• Program Type: Baccalaureate
• Requirements for this program are current for Fall 2013
• Required credits to graduate with this degree: 120
• Required credits within the major: 65
• This program requires summer terms.
• Degree: Bachelor of Science

The importance of finance for organizations today cannot be underestimated. The ability to understand the markets and how businesses raise and invest capital is highly looked upon among businesses and organizations. Finance is a very broad degree program covering such diverse topics as Corporate Finance, Insurance and Risk Management, Estate Planning, Investment and Money, and Banking and Financial Institutions. Organizations need individuals with the knowledge to calculate contemporary financial measures of performance and risk, as well as the ability to explain how the financial services component industries interact with each other. Graduates from this program will have the skills and experience to compete effectively for entry level employment positions, such as financial analysts, personal financial advisers, actuaries and other positions in securities, commodities, and financial services.

Program outcomes - graduates will
* describe the dimensions of performance and risk relevant to financial services companies;
* assess consumer financial needs and the mechanisms available for fulfilling these needs;
* describe and apply financial concepts, theories and tools;
* evaluate the role of technology and the legal, ethical and economic environment as it relates to financial services;
* prepare a personal financial plan for clients.

Program Delivery
This program is available:
• via classroom (the majority of instruction is face-to-face)
• completely online (all program coursework can be completed online)
• primarily online (at least 80% of the instruction for the program is online with short, intensive periods of face-to-face coursework)
• partially online (between 50% to 80% of instruction is online)

Admission Requirements
For information about University of Minnesota admission requirements, visit the Office of Admissions website.

General Requirements
All students are required to complete general University and college requirements. For more information, see the graduation requirements.

Program Requirements
Business Core
Business Core - 22 credits
ACCT 2101 - Principles of Accounting I (3.0 cr)
ACCT 2102 - Principles of Accounting II (3.0 cr)
GBUS 1005 - Orientation to Online Learning (1.0 cr)
MGMT 3100 - Managerial Finance (3.0 cr)
MGMT 3200 - Principles of Management (3.0 cr)
MGMT 3900 - Internship (1.0 - 3.0 cr)
MKTG 3300 - Principles of Marketing (3.0 cr)

Finance Requirements
Finance Requirements - 43 credits
ACCT 3201 - Intermediate Accounting I (4.0 cr)
ACCT 4404 - Income Tax I (3.0 cr)
ACCT 4405 - Income Tax II (3.0 cr)
CA 1020 - Spreadsheet Applications (3.0 cr)
COMM 3008 - Business Writing (3.0 cr)
FIN 3105 - Corporate Finance (3.0 cr)
FIN 3110 - Estate Planning (3.0 cr)
FIN 3115 - Insurance and Risk Management (3.0 cr)
FIN 3120 - Money, Banking and Financial Institutions (3.0 cr)
FIN 3125 - Investment (3.0 cr)
GBUS 3117 - Business Law (3.0 cr)
GBUS 3300 - Business Analytics (3.0 cr)
GBUS 3500 - Business Ethics (3.0 cr)
ITM 3020 - Introduction to Management Information Systems (3.0 cr)

Liberal Education Requirements
A minimum of 40 liberal education credits are required. Students must complete the 10 goal areas of the Minnesota Transfer Curriculum with the following specific liberal education courses required:
COMP 1011 - Composition I [COMMUNICAT] (3.0 cr)
COMP 1013 - Composition II [COMMUNICAT] (3.0 cr)
ECON 2101 - Microeconomics [HI/BEH/SSC] (3.0 cr)
ECON 2102 - Macroeconomics [HI/BEH/SSC] (3.0 cr)
PSY 1001 - General Psychology [HI/BEH/SSC] (3.0 cr)
SPCH 1101 - Public Speaking [COMMUNICAT] (3.0 cr)
MATH 1031 - College Algebra [MATH THINK] (3.0 cr)
  or MATH 1150 - Elementary Statistics [MATH THINK] (3.0 cr)
  or MATH 1250 - Precalculus [MATH THINK] (4.0 cr)

Open Electives
Students must take enough open electives credits to meet the 120 credit graduation requirement. The number of credits needed depends on liberal education course selections. Approximately 15 credits will be needed.

Program Sub-plans
A sub-plan is not required for this program.

Online
The Finance (Online) B.S. program has the same curriculum as the on-campus Finance B.S. program.

The importance of finance for organizations today cannot be underestimated. The ability to understand the markets and how businesses raise and invest capital is highly looked upon among businesses and organizations. Finance is a very broad degree program covering such diverse topics as Corporate Finance, Insurance and Risk Management, Estate Planning, Investment and Money, and Banking and Financial Institutions. Organizations need individuals with the knowledge to calculate contemporary financial measures of performance and risk, as well as the ability to explain how the financial services component industries interact with each other. Graduates from this program will have the skills and experience to compete effectively for entry level employment positions, such as financial analysts, personal financial advisers, actuaries and other positions in securities, commodities and financial services.

Program outcomes - graduates will
* describe the dimensions of performance and risk relevant to financial services companies;
* assess consumer financial needs and the mechanisms available for fulfilling these needs;
* describe and apply financial concepts, theories and tools;
* evaluate the role of technology and the legal, ethical and economic environment as it relates to financial services;
* prepare a personal financial plan for clients.

Agriculture and Natural Resources
Academic Affairs

- Program Type: Baccalaureate
- Requirements for this program are current for Fall 2013
- Required credits to graduate with this degree: 120
- Required credits within the major: 55
- This program requires summer terms.
- Degree: Bachelor of Science

Golf course superintendents and turfgrass professionals use technology and talent to balance the needs of people with those of nature. The golf and turf management degree provides students with skills and experiences to build and maintain functional, and aesthetically pleasing turfgrass environments. Extensive coursework in plant science, horticulture, and turf management helps students develop the technical skills needed to be successful. Complementary courses in facility management and communication provide the fundamentals for managing employees and interacting with customers.

Student learning incorporates hands-on activities along with technological applications in a practical, career-oriented environment. Internships may be completed at golf courses, athletic fields, park and recreation areas, or with industry suppliers. Graduates will hold positions in the golf industry, sports field management, lawn care, sod production, grounds maintenance, sales, or pursue advanced degrees.

Program outcomes: graduates will
* demonstrate competencies in turfgrass management
* demonstrate problem-solving skills in relation to turfgrass pests and fertility issues
* understand the use of integrated pest management and resource preservation
* demonstrate an awareness of the need for continual professional development
* demonstrate skills in written and oral communication and human resource management

Program Delivery
This program is available:
* via classroom (the majority of instruction is face-to-face)

Admission Requirements
For information about University of Minnesota admission requirements, visit the Office of Admissions website.

General Requirements
All students are required to complete general University and college requirements. For more information, see the graduation requirements.

Program Requirements
Students must complete 40 upper division credits.

Program Requirements
Required courses - 34 credits
AGRO 2573 - Entomology (3.0 cr)
AGRO 3230 - Introduction to Plant Pathology (3.0 cr)
BIOL 2022 - General Botany (3.0 cr)
HORT 1010 - Introduction to Horticulture (3.0 cr)
HORT 1021 - Woody Plant Materials (4.0 cr)
NATR 3899 - Pre-Internship Seminar (0.5 cr)
NATR 3900 - Internship (0.5 - 4.0 cr)
NATR 3901 - Post-Internship Seminar (0.5 cr)
NATR 4652 - Seminar (1.0 cr)
SOIL 1293 - Soil Science (3.0 cr)
SOIL 3414 - Soil Fertility and Plant Nutrition (4.0 cr)
SPAN 1104 - Beginning Spanish I (4.0 cr)
COMM 3008 - Business Writing (3.0 cr)
  or COMM 3303 - Writing in Your Profession (3.0 cr)
  or COMM 3431 - Persuasion (3.0 cr)

Major Requirements
Required courses - 21 credits
HORT 3040 - Landscape Installation and Maintenance (3.0 cr)
MGMT 3210 - Supervision and Leadership (3.0 cr)
TURF 1072 - Principles of Turf Management (3.0 cr)
TURF 3072 - Turfgrass Science (3.0 cr)
TURF 3074 - Turfgrass Pest Management (3.0 cr)
TURF 3075 - Turf Stress Management (3.0 cr)
TURF 3076 - Turfgrass Management Systems (3.0 cr)

Liberal Education Requirements
A minimum of 40 liberal education credits required. Students must complete the 10 goal areas of the Minnesota Transfer Curriculum with the following specific liberal education courses required:
BIOL 1009 - General Biology [BIOL SCI, PEOPLE/ENV] (4.0 cr)
CHEM 1001 - Introductory Chemistry [PHYS SCI] (4.0 cr)
COMP 1011 - Composition I [COMMUNICAT] (3.0 cr)
COMP 1013 - Composition II [COMMUNICAT] (3.0 cr)
SPCH 1101 - Public Speaking [COMMUNICAT] (3.0 cr)
MATH 1031 - College Algebra [MATH THINK] (3.0 cr)
  or MATH 1150 - Elementary Statistics [MATH THINK] (3.0 cr)

Technology Requirement
Students must take 3 credits of any CA courses.
CA 1xxx

Program Electives
Take 3 or more course(s) totaling 12 or more credit(s) from the following:
• AGRO 2640 - Applied Agriculture Chemicals (3.0 cr)
• ASM 1034 - Facility Maintenance and Safety (4.0 cr)
• ASM 2043 - Welding and Manufacturing Processes (3.0 cr)
• ASM 2250 - Agricultural Machinery Management (3.0 cr)
• ASM 3009 - Surveying (4.0 cr)
• BIOL 3131 - Plant Physiology (3.0 cr)
• CHEM 1401 - Elementary Bioorganic Chemistry [PHYS SCI, PEOPLE/ENV] (4.0 cr)
• HORT 1025 - Introduction to Arboriculture (2.0 cr)
• HORT 3025 - Applications in Arboriculture (3.0 cr)
• HORT 3030 - Landscape Design (4.0 cr)
• HORT 3031 - Herbaceous Perennial Plant Materials (2.0 cr)
• HORT 3034 - Commercial Floriculture Crops-Spring (4.0 cr)
• HORT 3036 - Plant Propagation (4.0 cr)
• HORT 3045 - Urban Forestry Planning and Management (3.0 cr)
• MGMT 3200 - Principles of Management (3.0 cr)
• MGMT 3220 - Human Resource Management (3.0 cr)
• MGMT 3250 - Operations Management (3.0 cr)
• NATR 2630 - Introduction to Geographic Information Systems (3.0 cr)
• NATR 3203 - Park and Recreation Management (3.0 cr)
• NATR 3344 - Land Use Planning (3.0 cr)
• NATR 3468 - Wildlife Habitat Management Techniques (3.0 cr)
• PHYS 1012 - Introductory Physics [PHYS SCI, PEOPLE/ENV] (4.0 cr)
• SPAN 1204 - Beginning Spanish II (4.0 cr)
• SRM 2020 - Foundations of Sport and Recreation Management (3.0 cr)
• SRM 3003 - Facility and Event Management (3.0 cr)
• SWM 3225 - Watershed Management (3.0 cr)
• TURF 3077 - Turf and Landscape Irrigation Design and Installation (2.0 cr)
• TURF 3078 - Integrated Turfgrass Diagnostics (1.0 - 3.0 cr)

Open Electives
Students must take enough open electives credits to meet the 120 credit graduation requirement. The number of credits needed depends on liberal education and program electives course selections. Approximately 9 credits will be needed.
Crookston Campus
Health Management B.S.
Math, Science and Technology

Academic Affairs

• Program Type: Baccalaureate
• Requirements for this program are current for Fall 2013
• Required credits to graduate with this degree: 120
• Required credits within the major: 61
• This program requires summer terms.
• Degree: Bachelor of Science

The health management program provides career-entry opportunities for high school graduates and professional advancement opportunities for health care personnel. Career opportunities for students with baccalaureate degrees in health management include management positions in hospitals, long-term care facilities, health maintenance and other managed care organizations, public health departments, community-based and home health agencies, medical equipment companies, government regulatory agencies, and health insurance companies.

The health management program focuses on developing managerial, administrative, and computer skills, supplementing those skills with an in-depth knowledge of the health care system. The program prepares graduates to offer managerial excellence to employers.

Long-Term Care Administration--The health management program has been approved by the Minnesota Board of Examiners for Nursing Home Administrators and meets Minnesota regulations for long-term health care administration. Health management program graduates are eligible to take the Minnesota licensure examination for nursing home administration.

Program outcomes: graduates will
* communicate effectively and work as a team in a health care setting
* demonstrate leadership ability in problem solving, conflict resolution, and change management
* understand the legal, regulatory, and ethical issues inherent to health care
* show the ability to adapt to changing public policy, economic, and financial issues in health care
* demonstrate assessment skills related to improving clinical care and customer service
* understand technology and how to apply it to the workplace

Program Delivery
This program is available:
• via classroom (the majority of instruction is face-to-face)

Admission Requirements
For information about University of Minnesota admission requirements, visit the Office of Admissions website.

General Requirements
All students are required to complete general University and college requirements. For more information, see the graduation requirements.

Program Requirements
Students must complete 40 upper division credits.

Health Management Core Requirements
Required courses - 61 credits
ACCT 2101 - Principles of Accounting I (3.0 cr)
ACCT 2102 - Principles of Accounting II (3.0 cr)
HI 3020 - Introduction to Health Information Systems (3.0 cr)
HSM 1010 - Medical Terminology (2.0 cr)
HSM 2010 - Introduction to Health Services Organizations (2.0 cr)
HSM 3030 - Health Care and Medical Needs (3.0 cr)
HSM 3200 - Health Care Leadership and Planning (4.0 cr)
HSM 3230 - Administration of Continuum Care Facilities (3.0 cr)
HSM 3240 - Health Care Policy and Comparative Systems (4.0 cr)
HSM 3250 - Performance Improvement in Health Care (3.0 cr)
HSM 3260 - Risk Management in Health Care (3.0 cr)
HSM 3900 - Internship (1.0 - 3.0 cr)
HSM 4100 - Health Care Finance (3.0 cr)
HSM 4210 - Health Care Law and Biomedical Ethics (4.0 cr)
HSM 4212 - Regulatory Management (3.0 cr)
MGMT 3200 - Principles of Management (3.0 cr)
MGMT 3210 - Supervision and Leadership (3.0 cr)
MGMT 3220 - Human Resource Management (3.0 cr)
MKTG 3300 - Principles of Marketing (3.0 cr)
COMM 3008 - Business Writing (3.0 cr)
or COMM 3303 - Writing in Your Profession (3.0 cr)

Liberal Education Requirements
A minimum of 40 liberal education credits required. Students must complete the 10 goal areas of the Minnesota Transfer Curriculum with the following specific liberal education courses required:
COMP 1011 - Composition I [COMMUNICAT] (3.0 cr)
COMP 1013 - Composition II [COMMUNICAT] (3.0 cr)
ECON 2101 - Microeconomics [HI/BEH/SSC] (3.0 cr)
MATH 1031 - College Algebra [MATH THINK] (3.0 cr)
SPCH 1101 - Public Speaking [COMMUNICAT] (3.0 cr)

Technology Requirement (3 cr)
CA 1020 - Spreadsheet Applications (3.0 cr)

Open Electives
Students must take enough open electives credits to meet the 120 credit graduation requirement. Approximately 15 to 16 credits will be needed. The following course is required for license as a nursing home administrator: Soc 3937

Program Sub-plans
A sub-plan is not required for this program.

Health Management B.S. Online
The health management program provides career-entry opportunities for high school graduates and professional advancement opportunities for health care personnel. Career opportunities for students with baccalaureate degrees in health management include management positions in hospitals, long-term care facilities, health maintenance and other managed care organizations, public health departments, community-based and home health agencies, medical equipment companies, government regulatory agencies, and health insurance companies.

The health management program focuses on developing managerial, administrative, and computer skills, supplementing those skills with an in-depth knowledge of the health care system. The program prepares graduates to offer managerial excellence to employers.
Long-Term Care Administration--The health management program has been approved by the Minnesota Board of Examiners for Nursing Home Administrators and meets Minnesota regulations for long-term health care administration. Health management program graduates are eligible to take the Minnesota licensure examination for nursing home administration. The curriculum for the Health Management Online program is the same as the classroom delivered program.

The Health Management Online B.S. program has the same curriculum as the on-campus program. The only difference is that the online program has an additional one credit technology requirement. To offset this one credit requirement, students take one less credit of electives.

Technology Requirement
GBUS 1005 - Orientation to Online Learning (1.0 cr)
**Crookston Campus**

**Health Sciences Pre-Professional B.S.**

*Math, Science and Technology*

**Academic Affairs**

- Program Type: Baccalaureate
- Requirements for this program are current for Fall 2013
- Required credits to graduate with this degree: 120
- Required credits within the major: 53
- This program requires summer terms.
- Degree: Bachelor of Science

The B.S. in health sciences provides students with the prerequisite knowledge and skills required for admission to professional programs in chiropractic, dentistry, medicine, optometry, occupational therapy, pharmacy, physical therapy, and veterinary medicine. UMC also provides a two-year pre-nursing course of study. Admission is competitive and specific admission requirements, including courses and experiences, vary by professional program and institution. Completion of the B.S. does not guarantee admission to professional programs at the University of Minnesota or other universities. The course requirements shown are common to similar programs at other institutions; however, students are advised to check with their specific professional program to be sure all prerequisite courses are met. Most professional programs have additional admission requirements, and students are advised to contact the program(s) to which they plan to apply to identify all admission requirements.

Program outcomes: graduates will

- explain and reconstruct the scientific method and can apply this mode of inquiry in a laboratory setting
- explain and apply basic principles of biology in work setting
- demonstrate teamwork skills
- apply, critique, and synthesize protocols from current literature
- demonstrate and critique effective communication skills orally and in writing
- formulate proper data collection and analysis methods
- interpret and practice professional and ethical behavior related to biological research
- identify, provide examples, differentiate, and integrate current biology techniques into their scientific investigations
- produce evidence of their ability to be admitted into health science professional programs

**Program Delivery**

This program is available:
- via classroom (the majority of instruction is face-to-face)

**Admission Requirements**

For information about University of Minnesota admission requirements, visit the [Office of Admissions website](http://www.umn.edu/admissions).

**General Requirements**

All students are required to complete general University and college requirements. For more information, see the [graduation requirements](http://www.umn.edu/admissions).

**Program Requirements**

Students must complete 40 upper division credits. Students work with their adviser to develop an individualized program of study that meets their health science educational goals (pre-chiropractic, pre-dentistry, pre-medicine, pre-occupational therapy, pre-pharmacy, pre-physical therapy).

**Core Curriculum**
These courses are common to all pre-health sciences programs.

Horticulture B.S.
Agriculture and Natural Resources

Academic Affairs

• Program Type: Baccalaureate
• Requirements for this program are current for Fall 2013
• Required credits to graduate with this degree: 120
• Required credits within the major: 56 to 57
• This program requires summer terms.
• none
• Degree: Bachelor of Science

The B.S. in horticulture is a career-oriented program that combines science-based education, liberal arts education, and technical training. All horticulture students are introduced to botany, woody plants, entomology, plant pathology, and soil science as part of the program requirements. These courses together with liberal arts courses and program specific courses prepare students for careers in the Green Industry. Students select from three areas of emphasis: environmental landscaping, horticulture production, or urban forestry.

Program outcomes: graduates will
* demonstrate competency in identification of plant species, diseases, pests, and disorders of horticultural plants
* understand the use of horticultural plants for aesthetic improvement and sustainability of the environment
* apply principles of plant science, nutrition, soils, and pest management, and exhibit an awareness of environmental health and safety issues
* demonstrate an awareness of the need for continuing professional development
* demonstrate communication skills, ability to make sound decisions, and willingness to work as part of a team in providing leadership and accountability
* use computer technology to effectively communicate, manage, and enhance business operations

Program Delivery
This program is available:
• via classroom (the majority of instruction is face-to-face)

Admission Requirements
For information about University of Minnesota admission requirements, visit the Office of Admissions website.

General Requirements
All students are required to complete general University and college requirements. For more information, see the graduation requirements.

Program Requirements
Students must complete 40 upper division credits.

Program Requirements
Required courses - 34 credits
AGRO 3230 - Introduction to Plant Pathology (3.0 cr)
BIOL 2022 - General Botany (3.0 cr)
HORT 1010 - Introduction to Horticulture (3.0 cr)
HORT 1021 - Woody Plant Materials (4.0 cr)
NATR 3899 - Pre-Internship Seminar (0.5 cr)
NATR 3900 - Internship (0.5 - 4.0 cr)
NATR 3901 - Post-Internship Seminar (0.5 cr)
NATR 4652 - Seminar (1.0 cr)
SOIL 1293 - Soil Science (3.0 cr)

Program Sub-plans
Students are required to complete one of the following sub-plans. (Note for the Twin Cities and Morris campuses: The honors sub-plan does not meet this requirement. Honors students are required to complete one sub-plan plus the honors sub-plan. Please see an adviser if no honors sub-plan is listed for the program.)

Environmental Landscaping
Environmental landscaping includes courses in landscape design, planning and development of residential and commercial landscapes, and plant science. Reducing impact on the environment and sustainability are a major focus as well as appropriate use of plants and proper installation and management of landscape features. Many students include business courses in their elective curriculum to prepare them for all aspects of the industry. Graduates are prepared to be a landscape designer, installer, or contractor. They may also choose landscape supply sales, nursery management, land reclamation, or garden center management.

Environmental Landscaping Requirements
Required courses - 22 credits

Environmental Landscaping Electives
Take 3 or more course(s) totaling 12 or more credit(s) from the following:

- ACCT 2101 - Principles of Accounting I (3.0 cr)
- AGRO 2640 - Applied Agriculture Chemicals (3.0 cr)
- ASM 1034 - Facility Maintenance and Safety (4.0 cr)
- ASM 1044 - Computer-Aided Drafting (3.0 cr)
- ASM 3009 - Surveying (4.0 cr)
- BIOL 3131 - Plant Physiology (3.0 cr)
- CHEM 1401 - Elementary Bioorganic Chemistry [PHYS SCI, PEOPLE/ENV] (4.0 cr)
- ENTR 2200 - Introduction to Entrepreneurship and Small Business (3.0 cr)
- HORT 1025 - Introduction to Arboriculture (2.0 cr)
- HORT 3025 - Applications in Arboriculture (3.0 cr)
- HORT 3033 - Commercial Floriculture Crops-Fall (4.0 cr)
- HORT 3045 - Urban Forestry Planning and Management (3.0 cr)
- HORT 3090 - Advanced Landscape Design (3.0 cr)
- MGMT 3200 - Principles of Management (3.0 cr)
- MGMT 3210 - Supervision and Leadership (3.0 cr)
- MGMT 3220 - Human Resource Management (3.0 cr)
• MKTG 3300 - Principles of Marketing (3.0 cr)
• NATR 2630 - Introduction to Geographic Information Systems (3.0 cr)
• NATR 3203 - Park and Recreation Management (3.0 cr)
• NATR 3344 - Land Use Planning (3.0 cr)
• NATR 3364 - Plant Taxonomy (3.0 cr)
• NATR 3374 - Ecology [BIOL SCI] (4.0 cr)
• SPAN 1204 - Beginning Spanish II (4.0 cr)
• TURF 3074 - Turfgrass Pest Management (3.0 cr)
• TURF 3076 - Turfgrass Management Systems (3.0 cr)

Open Electives
Students must take enough open electives credits to meet the 120 credit graduation requirement. The number of credits needed will depend on liberal education course selections. Approximately 8 credits will be needed.

Production Horticulture
Production horticulture concentrates on crops produced in greenhouses and nurseries. Students experience plant propagation, identification of herbaceous plants, cultivation of indoor and outdoor plants, and floral design. In greenhouse production courses, students produce crops that are sold to industry. Graduates are employed as greenhouse or nursery growers, garden center managers, garden designers, floral designers, and floriculture extension specialists. Faculty work with students to develop a plan of study tailored to the individual.

Production Horticulture Requirements
Required courses - 23 credits
HORT 1091 - Indoor Flowering and Foliage Plants (2.0 cr)
HORT 3030 - Landscape Design (4.0 cr)
HORT 3031 - Herbaceous Perennial Plant Materials (2.0 cr)
HORT 3033 - Commercial Floriculture Crops-Fall (4.0 cr)
HORT 3034 - Commercial Floriculture Crops-Spring (4.0 cr)
HORT 3036 - Plant Propagation (4.0 cr)
NATR 3364 - Plant Taxonomy (3.0 cr)

Production Horticulture Electives
Take 3 or more course(s) totaling 12 or more credit(s) from the following:
• ACCT 2101 - Principles of Accounting I (3.0 cr)
• AGRO 2640 - Applied Agriculture Chemicals (3.0 cr)
• AGRO 3023 - Plant Breeding and Genetics (4.0 cr)
• ASM 1034 - Facility Maintenance and Safety (4.0 cr)
• BIOL 3022 - Principles of Genetics (3.0 cr)
• BIOL 3131 - Plant Physiology (3.0 cr)
• CHEM 1401 - Elementary Bioorganic Chemistry [PHYS SCI, PEOPLE/ENV] (4.0 cr)
• ENTR 2200 - Introduction to Entrepreneurship and Small Business (3.0 cr)
• ENTR 3200 - Business Planning (3.0 cr)
• HORT 1092 - Floral Design (2.0 cr)
• HORT 3040 - Landscape Installation and Maintenance (3.0 cr)
• HORT 3090 - Advanced Landscape Design (3.0 cr)
• HORT 3093 - Advanced Floral Design and Florist Operations (2.0 cr)
• MGMT 3200 - Principles of Management (3.0 cr)
• MGMT 3210 - Supervision and Leadership (3.0 cr)
• MGMT 3220 - Human Resource Management (3.0 cr)
• MKTG 3300 - Principles of Marketing (3.0 cr)
• SPAN 1204 - Beginning Spanish II (4.0 cr)
• TURF 1072 - Principles of Turf Management (3.0 cr)
• TURF 3077 - Turf and Landscape Irrigation Design and Installation (2.0 cr)

Open Electives
Students must take enough open electives credits to meet the 120 credit graduation requirement. The number of credits needed will depend on liberal education course selections. Approximately 7 credits will be needed.

Urban Forestry
Urban forestry combines conservation and horticulture topics presented in an outdoor, applied setting. Different than focusing on large scale forests used for commercial purposes, urban forestry includes municipalities, park districts, utility companies, private homeowners, and commercial tree service companies; each utilizing trees for a different purpose. The tree care industry has grown extensively over the years and now includes conservation and management issues. Extensive employment opportunities are available nation-wide as society becomes more urbanized.

Urban Forestry Requirements
Required courses - 22 credits
ENTR 2200 - Introduction to Entrepreneurship and Small Business (3.0 cr)
HORT 1025 - Introduction to Arboriculture (2.0 cr)
HORT 3025 - Applications in Arboriculture (3.0 cr)
HORT 3030 - Landscape Design (4.0 cr)
HORT 3040 - Landscape Installation and Maintenance (3.0 cr)
HORT 3045 - Urban Forestry Planning and Management (3.0 cr)
NATR 1244 - Elements of Forestry (4.0 cr)

Urban Forestry Electives
Take 3 or more course(s) totaling 12 or more credit(s) from the following:
- ACCT 2101 - Principles of Accounting I (3.0 cr)
- AGRO 2640 - Applied Agriculture Chemicals (3.0 cr)
- ASM 1034 - Facility Maintenance and Safety (4.0 cr)
- ASM 1044 - Computer-Aided Drafting (3.0 cr)
- ASM 3009 - Surveying (4.0 cr)
- BIOL 3131 - Plant Physiology (3.0 cr)
- CHEM 1401 - Elementary Bioorganic Chemistry [PHYS SCI, PEOPLE/ENV] (4.0 cr)
- HORT 3034 - Commercial Floriculture Crops-Spring (4.0 cr)
- HORT 3036 - Plant Propagation (4.0 cr)
- HORT 3090 - Advanced Landscape Design (3.0 cr)

Academic Affairs

• Program Type: Baccalaureate
• Requirements for this program are current for Fall 2013
• Required credits to graduate with this degree: 120
• Required credits within the major: 54 to 55
• This program requires summer terms.
• Degree: Bachelor of Science

The information technology management program prepares students for technical and management positions in business and industry. Graduates have the knowledge, experience, and skills to succeed in technology related careers as well as the business and management competencies for mid-management positions such as information technology specialists, application developers, network administrators, Webmasters, technology project and information systems managers.

Program outcomes: graduates will
* demonstrate abilities in the use of information systems hardware, operating systems, programming languages, and application software
* use computer technology in preparing programs, presentations, and written reports
* demonstrate the ability to communicate clearly and concisely in written and oral communications through technical reports, solutions to information technology problems, and feasibility studies
* demonstrate human relations and career/life adaptability skills in problem solving, decision making, and responding to change
* demonstrate an environmental perspective in the development of solutions for business and information technology problem solving
* demonstrate global and ethical perspectives in information technology management
* demonstrate an understanding of the role of finance, marketing, and management as job responsibilities of the information technology professional

Program Delivery
This program is available:
• via classroom (the majority of instruction is face-to-face)

Admission Requirements
For information about University of Minnesota admission requirements, visit the Office of Admissions website.

PHIL 1001 - Introduction to Philosophy [HUMANITIES, ETH/CIV RE] (3.0 cr)
PSY 1001 - General Psychology [HI/BEH/SSC] (3.0 cr)
SPCH 1101 - Public Speaking [COMMUNICAT] (3.0 cr)
  or PHYS 1101 - Introductory College Physics I [PHYS SCI] (4.0 cr)

Technology Requirements
Required courses - 3 credits
CA 1040 - Web Site Development (3.0 cr)

Electives
Students must take enough electives credits to meet the 120 credit graduation requirement. Approximately 21 to 22 credits will be needed.

Program Sub-plans
A sub-plan is not required for this program.

Information Technology Management (Online)
The information technology management program prepares students for technical and management positions in business and industry. Graduates have the knowledge, experience, and skills to succeed in technology related careers as well as the business and management competencies for mid-management positions such as information technology specialists, application developers, network administrators, Webmasters, technology project and information systems managers. The ITM (Online) program has the same curriculum as the on-campus ITM program with the exception of a one-credit orientation to online learning.

ITM (Online) Program Requirement
Required course - 1 credit
GBUS 1005 - Orientation to Online Learning (1.0 cr)
Crookston Campus
Management B.S.
Business
Academic Affairs

- Program Type: Baccalaureate
- Requirements for this program are current for Fall 2013
- Required credits to graduate with this degree: 120
- Required credits within the major: 55
- This program requires summer terms.
- Degree: Bachelor of Science

All organizations require managers to plan, organize, lead, and evaluate the organization’s effectiveness. Businesses need individuals who can manage resources, identify and solve problems, work with others, understand markets, collect and analyze data, and evaluate organizational performance.

This program prepares graduates for management positions in corporations, small businesses, and other organizations. It provides a well-rounded education in business operations, preparing individuals for a variety of management positions in business and government.

Program outcomes:
* demonstrate analytical and critical-thinking skills with direct application to business environments;
* demonstrate the ability to communicate clearly and concisely in personal and business communication;
* demonstrate capability to effectively manage human relations and diversity in professional and business environments;
* demonstrate capability to apply global multidisciplinary concepts in business and industry;
* demonstrate skill in the use of technology and computer software applications in business and industry;
* demonstrate capability to apply ethical and environmental values to general business principles and practices.

Program Delivery
This program is available:
- via classroom (the majority of instruction is face-to-face)
- completely online (all program coursework can be completed online)

Admission Requirements
For information about University of Minnesota admission requirements, visit the Office of Admissions website.

General Requirements
All students are required to complete general University and college requirements. For more information, see the graduation requirements.

Program Requirements
Students must complete 40 upper division credits.

Program Requirements
Required courses - 55 credits
ACCT 2101 - Principles of Accounting I (3.0 cr)
ACCT 2102 - Principles of Accounting II (3.0 cr)
ENTR 2200 - Introduction to Entrepreneurship and Small Business (3.0 cr)
GBUS 1005 - Orientation to Online Learning (1.0 cr)
GBUS 3107 - Legal Environment in Business (3.0 cr)
GBUS 3300 - Business Analytics (3.0 cr)
GBUS 3500 - Business Ethics (3.0 cr)
ITM 3020 - Introduction to Management Information Systems (3.0 cr)
MGMT 3100 - Managerial Finance (3.0 cr)
MGMT 3200 - Principles of Management (3.0 cr)
MGMT 3215 - Organizational Behavior (3.0 cr)
MGMT 3220 - Human Resource Management (3.0 cr)
MGMT 3250 - Operations Management (3.0 cr)
MGMT 3500 - International Business Management (3.0 cr)
MGMT 3600 - Change, Creativity, and Innovation Management (3.0 cr)
MGMT 3900 - Internship (1.0 - 3.0 cr)
MGMT 4800 - Strategic Management (3.0 cr)
MKTG 3300 - Principles of Marketing (3.0 cr)
COMM 3008 - Business Writing (3.0 cr)
or COMM 3303 - Writing in Your Profession (3.0 cr)

Liberal Education Requirements
A minimum of 40 liberal education credits required. Students must complete the 10 goal areas of the Minnesota Transfer Curriculum with the following specific liberal education courses required:
COMP 1011 - Composition I [COMMUNICAT] (3.0 cr)
COMP 1013 - Composition II [COMMUNICAT] (3.0 cr)
ECON 2101 - Microeconomics [HI/BEH/SSC] (3.0 cr)
ECON 2102 - Macroeconomics [HI/BEH/SSC] (3.0 cr)
MATH 1031 - College Algebra [MATH THINK] (3.0 cr)
MATH 1150 - Elementary Statistics [MATH THINK] (3.0 cr)
PSY 1001 - General Psychology [HI/BEH/SSC] (3.0 cr)
SPCH 1101 - Public Speaking [COMMUNICAT] (3.0 cr)

Technology Requirements
Required Courses - 3 credits
CA 1020 - Spreadsheet Applications (3.0 cr)

Computer Applications Electives
Take 3 credits of any CA courses, excluding CA 1020 (Spreadsheet Applications).
CA 1xxx
or CA 2xxx

Open Electives
Students must take enough open electives credits to satisfy the 120 credit graduation requirement. Approximately 19 credits will be needed.

Program Sub-plans
A sub-plan is not required for this program.

Online
All organizations require managers to plan, organize, lead, and evaluate the organization's effectiveness. Businesses need individuals who can manage resources, identify and solve problems, work with others, understand markets, collect and analyze data, and evaluate organizational performance.

This program prepares graduates for management positions in corporations, small businesses, and other organizations. It provides a well-rounded education in business operations, preparing individuals for a variety of management positions in business and government.

Program outcomes:
* demonstrate analytical and critical-thinking skills with direct application to business environments;
* demonstrate the ability to communicate clearly and concisely in personal and business communication;
* demonstrate capability to effectively manage human relations and diversity in professional and business environments;
* demonstrate capability to apply global multidisciplinary concepts in business and industry;
* demonstrate skill in the use of technology and computer software applications in business and industry;
* demonstrate capability to apply ethical and environmental values to general business principles and practices.

The curriculum of the online Management B.S. program is identical to the on-campus Management B.S. program.

Manufacturing Management B.M.M.

Academic Affairs

- Program Type: Baccalaureate
- Requirements for this program are current for Fall 2013
- Required credits to graduate with this degree: 120
- Required credits within the major: 120
- Degree: Bachelor of Manufacturing Management

The bachelor of manufacturing management (B.M.M.) is a career-oriented program that prepares students to manage people and machines in a manufacturing environment. Graduates will be able to supervise a manufacturing process, manage human and mechanical resources within budgetary constraints, and assure product quality.

The program is designed to meet the needs of people already in the workplace and two-year graduates who want to continue their education to the bachelor’s degree level with seamless integration of prior credits earned. The program is available for in-class instruction on campus, as well as through online education. The online education components of the program are delivered through asynchronous electronic communication technologies and self-directed learning.

Program outcomes: graduates will:
1- play a growing role in their workplace especially in supervision and management
2- contribute to manufacturing system technology and quality control
3- establish a quality control department and train staff to meet quality audits
4- develop grades and standards of quality
5- set up acceptance sampling and inspection procedures
6- prepare quality control charts and reports
7- control the movement of materials in the most efficient manner at the right time, to and from the correct place in the required quantity
8- do a safety audit through a comprehensive approach to problems of safety in the workplace, including meeting the OSHA standards

Program Delivery
This program is available:
- via classroom (the majority of instruction is face-to-face)

Admission Requirements
For information about University of Minnesota admission requirements, visit the Office of Admissions website.

General Requirements
All students are required to complete general University and college requirements. For more information, see the graduation requirements.

Program Requirements
Students must complete 40 upper division credits.

Manufacturing Management Core
Manufacturing Management Core Requirements - 27 credits
ACCT 2101 - Principles of Accounting I (3.0 cr)
BM 3012 - Applied Engineering Principles (3.0 cr)
BM 3034 - Quality Management Systems (3.0 cr)
MGMT 3100 - Managerial Finance (3.0 cr)
MGMT 3200 - Principles of Management (3.0 cr)
MGMT 3210 - Supervision and Leadership (3.0 cr)
MGMT 3250 - Operations Management (3.0 cr)
MKTG 3300 - Principles of Marketing (3.0 cr)
COMM 3008 - Business Writing (3.0 cr)
or COMM 3303 - Writing in Your Profession (3.0 cr)

Liberal Education Requirements
Liberal Education Requirements - 18 credits
COMP 1011 - Composition I [COMMUNICAT] (3.0 cr)
COMP 1013 - Composition II [COMMUNICAT] (3.0 cr)
ECON 2101 - Microeconomics [HI/BEH/SSC] (3.0 cr)
MATH 1031 - College Algebra [MATH THINK] (3.0 cr)
MATH 1150 - Elementary Statistics [MATH THINK] (3.0 cr)
SPCH 1101 - Public Speaking [COMMUNICAT] (3.0 cr)

Upper Division Business/Technology Requirements
Students must complete 10 credits of upper division business/technology credits taken from the following (Acct, BM, Entr, GBus, ITM, Mgmt, Mktg, SE).

Upper Division Electives
Students must complete 6 credits of Upper Division Electives.

Transfer Credits or Open Electives Credits
Transfer Credits or Open Electives Credits requirements are 58 to 59 credits.

Program Sub-plans
A sub-plan is not required for this program.

Online
The manufacturing management program is a career-oriented program that prepares students to manage people and machines in a manufacturing environment. Graduates will be able to supervise a manufacturing process, manage human and mechanical resources within budgetary constraints, and assure product quality. The manufacturing management online program is the same as the on-campus program with the exception that students take GBUS 1005 and one less credit of transfer or open electives credits.

- This program requires summer terms.
- Degree: Bachelor of Science

The importance of marketing for organizations today cannot be underestimated. The best product in the world can fail if it is not marketed appropriately. Marketing is a very broad degree program covering such diverse topics as personal selling, integrated marketing communication, advertising, sales promotion, the psychology of consumer behavior, marketing research, retail marketing, marketing ethics, logistics, internet marketing, and strategic marketing. Organizations need individuals who can identify consumer needs and configure appropriate solutions, and a marketing degree provides graduates with such skills.

A degree in marketing prepares graduates for a variety of careers in marketing, including brand management, sales management, personal selling, account executives, advertising, marketing research, and retailing.

Program outcomes. Graduates will
- demonstrate analytical and critical-thinking skills with direct application to business environments
- demonstrate the ability to communicate clearly and concisely in personal and business communication
- demonstrate an ability to effectively apply human relations and team dynamic concepts in professional and business environments
- demonstrate the ability to value diversity and apply global multidisciplinary concepts in business and industry
- demonstrate skill in the use of technology and computer software applications in business and industry
- demonstrate capability to apply ethical and environmental values to general business principles and practices
- understand the importance of having a consumer orientation and demonstrate how to effectively establish, develop, and maintain business relationships
- demonstrate working knowledge of technological and global developments that are changing the scope of the marketing discipline

Program Delivery
This program is available:
- via classroom (the majority of instruction is face-to-face)

Admission Requirements
For information about University of Minnesota admission requirements, visit the Office of Admissions website.

Natural Resources B.S.
Agriculture and Natural Resources
Academic Affairs

• Program Type: Baccalaureate
• Requirements for this program are current for Fall 2013
• Required credits to graduate with this degree: 120
• Required credits within the major: 120
• This program requires summer terms.
• Degree: Bachelor of Science

Managing natural resources is increasingly important, with increasing human populations and limited natural resources and habitats. Natural resource managers help balance the needs of people with the ability of ecosystems to sustainably support soil, water, forests, wildlife, fish, and recreational resources.

UMC’s bachelor of science (B.S.) in natural resources provides an integrated approach to soil and water conservation, wildlife and fisheries management, forestry, and recreation. This combination enables graduates to work with a variety of resources and people and to build a career tailored to their interests. Students select one of the following emphases:

* natural resources aviation
* natural resources law enforcement
* natural resources management
* park management
* water resource management
* wildlife management

Program outcomes: graduates will
* apply an integrated approach to resource management that incorporates environmental, economic, and social considerations
* demonstrate appropriate technical knowledge and practical applications necessary for employment in the natural resources field
* perform group problem solving, decision-making, and conflict management to be effective in resource management
* demonstrate oral and written communication skills appropriate for a beginning natural resource professional
* be aware of the necessity of continuing education and professional development to be successful in a changing natural resources workplace

Program Delivery
This program is available:
• via classroom (the majority of instruction is face-to-face)

Admission Requirements
For information about University of Minnesota admission requirements, visit the Office of Admissions website.

General Requirements
All students are required to complete general University and college requirements. For more information, see the graduation requirements.

Program Requirements
Students must complete 40 upper division credits.

Natural Resources Program Requirements
COMM 3303 - Writing in Your Profession (3.0 cr)
MGMT 3210 - Supervision and Leadership (3.0 cr)
NATR 1233 - Introduction to Natural Resources (3.0 cr)
NATR 1244 - Elements of Forestry (4.0 cr)
NATR 2630 - Introduction to Geographic Information Systems (3.0 cr)
NATR 3374 - Ecology [BIOL SCI] (4.0 cr)
NATR 3899 - Pre-Internship Seminar (0.5 cr)
NATR 3900 - Internship (0.5 - 4.0 cr)
NATR 3901 - Post-Internship Seminar (0.5 cr)
NATR 4652 - Seminar (1.0 cr)

Liberal Education Requirements
A minimum of 40 liberal education credits required. Students must complete the 10 goal areas of the Minnesota Transfer Curriculum with the following specific liberal education courses required.
BIOL 1009 - General Biology [BIOL SCI, PEOPLE/ENV] (4.0 cr)
CHEM 1001 - Introductory Chemistry [PHYS SCI] (4.0 cr)
COMP 1011 - Composition I [COMMUNICAT] (3.0 cr)
COMP 1013 - Composition II [COMMUNICAT] (3.0 cr)
PHYS 1012 - Introductory Physics [PHYS SCI, PEOPLE/ENV] (4.0 cr)
SPCH 1101 - Public Speaking [COMMUNICAT] (3.0 cr)

Technology Requirements
Take 3 or more credit(s) from the following:
• CA 1xxx

Program Sub-plans
Students are required to complete one of the following sub-plans. (Note for the Twin Cities and Morris campuses: The honors sub-plan does not meet this requirement. Honors students are required to complete one sub-plan plus the honors sub-plan. Please see an adviser if no honors sub-plan is listed for the program.)

Natural Resources Aviation
This emphasis leads to careers as natural resource pilots employed by state/federal agencies such as the National Park Service, U.S. Fish and Wildlife Service, U.S. Forest Service, and state departments of natural resources.

Program outcomes: graduates will
* demonstrate competency in aeronautics
* apply an integrated approach to resource management that incorporates environmental, economic, and social considerations
* perform group problem solving, decision making, and conflict management to be effective in resource management
* understand ecological management principles that apply to wildlife, fish, forest, soil, water, and recreation resources

Natural Resources Aviation Emphasis Requirements
AVIA 1103 - Introduction to Aviation (4.0 cr)
AVIA 1104 - Introduction to Aviation Flight Lab (1.0 cr)
AVIA 1396 - Conventional Aircraft Operations (1.0 cr)
AVIA 2220 - Basic Attitude Instrument Flying (2.0 cr)
AVIA 2221 - Basic Attitude Instrument Flying Lab (1.0 cr)
AVIA 2222 - IFR Regulations and Procedures (2.0 cr)
AVIA 2223 - IFR Regulations and Procedures Flight Lab (1.0 cr)
AVIA 3320 - Airplane Aerodynamics (2.0 cr)
AVIA 3321 - Airplane Aerodynamics Flight lab (1.0 cr)
AVIA 3324 - Aircraft Systems and Instruments (3.0 cr)
AVIA 3396 - Advanced Conventional Aircraft Operations (1.0 cr)
AVIA 3602 - Natural Resources and Enforcement Applications (2.0 cr)
BIOL 2022 - General Botany (3.0 cr)
NATR 3203 - Park and Recreation Management (3.0 cr)
NATR 3344 - Land Use Planning (3.0 cr)
NATR 3364 - Plant Taxonomy (3.0 cr)
NATR 3654 - Wildlife Ecology and Management (4.0 cr)
NATR 3699 - Integrated Resource Management (3.0 cr)
AGRO 1183 - Field Crops: Production Principles (3.0 cr)
or BIOL 2012 - General Zoology (4.0 cr)
or HORT 1010 - Introduction to Horticulture (3.0 cr)
NATR 3464 - Mammalogy (3.0 cr)
or SWM 3224 - Soil and Water Conservation (4.0 cr)
NATR 3466 - Ornithology (3.0 cr)
or SOIL 1293 - Soil Science (3.0 cr)

Liberal Education Requirement
Will count towards the 40 credits required in liberal education.
MATH 1031 - College Algebra [MATH THINK] (3.0 cr)

Open Electives
Students must take enough Open Electives credits to meet the 120 credit requirement for graduation.

Natural Resources Law Enforcement
This emphasis provides integrated instruction in natural resources management and law enforcement. General classes in natural resources, wildlife and fisheries management, forestry recreation, and land use planning are combined with criminal justice/law enforcement classes. After completing coursework and training in first aid and traffic law, students may attend a skills session and take the Minnesota Peace Officer Standards and Training (P.O.S.T.) certification examination.

Program outcomes: graduates will
* understand the role of education and law enforcement in natural resource management
* be qualified to attend the peace officer's skills training academy

Natural Resources Law Enforcement Emphasis Requirements
CRJS 1500 - Introduction to Criminal Justice [HI/BEH/SSC, ETH/CIV RE] (4.0 cr)
CRJS 2500 - Introduction to Policing (3.0 cr)
CRJS 2550 - Traffic Law (2.0 cr)
CRJS 2560 - First Responder (3.0 cr)
CRJS 3505 - Judicial Process (3.0 cr)
CRJS 3525 - Juvenile Justice and Delinquency (3.0 cr)
CRJS 3530 - Criminal Justice Diversity (3.0 cr)
CRJS 3550 - Criminal Investigation (3.0 cr)
CRJS 3575 - Critical Issues in Policing (3.0 cr)
CRJS 4510 - Victimology (3.0 cr)
CRJS 4540 - Criminal Law (4.0 cr)
CRJS 4550 - Criminal Procedure (4.0 cr)
SOIL 1293 - Soil Science (3.0 cr)
NATR 3203 - Park and Recreation Management (3.0 cr)
NATR 3654 - Wildlife Ecology and Management (4.0 cr)
BIOL 2012 - General Zoology (4.0 cr)
or BIOL 2022 - General Botany (3.0 cr)
CRJS 3520 - Natural Resource Law Enforcement Techniques (3.0 cr)
or NATR 3520 - Natural Resource Law Enforcement Techniques (3.0 cr)

Liberal Education Requirements
Will count towards the 40 credits required in liberal education.
MATH 1031 - College Algebra [MATH THINK] (3.0 cr)
or MATH 1150 - Elementary Statistics [MATH THINK] (3.0 cr)

Open Electives
Students must take enough Open Electives credits to meet the 120 credit requirement for graduation.

Natural Resources Management
This major is especially appropriate for students seeking a broad understanding of resource management principles and environmental issues. A combination of coursework in natural resources, agriculture, and liberal education prepares students for land management positions in which a balance between environmental, economic, and social concerns is sought.

Program outcomes: graduates will
* understand ecological management principles that apply to wildlife, fish, forest, soil, water, and recreation resources

Natural Resources Management Emphasis Requirements
ASM 3009 - Surveying (4.0 cr)
BIOL 2022 - General Botany (3.0 cr)
NATR 3203 - Park and Recreation Management (3.0 cr)
NATR 3344 - Land Use Planning (3.0 cr)
NATR 3364 - Plant Taxonomy (3.0 cr)
NATR 3654 - Wildlife Ecology and Management (4.0 cr)
NATR 3660 - Prairie Ecosystem Management (2.0 cr)
NATR 3699 - Integrated Resource Management (3.0 cr)
SOIL 1293 - Soil Science (3.0 cr)
SWM 3224 - Soil and Water Conservation (4.0 cr)
AGRO 1183 - Field Crops: Production Principles (3.0 cr)
or HORT 1010 - Introduction to Horticulture (3.0 cr)

Liberal Education Requirements
Will count towards the 40 credits required in liberal education.
MATH 1031 - College Algebra [MATH THINK] (3.0 cr)
or MATH 1150 - Elementary Statistics [MATH THINK] (3.0 cr)

Agriculture/Natural Resources Electives
Students must take 9 credits selected in consultation with an adviser.

Open Electives
Students must take enough Open Electives credits to meet the 120 credit requirement for graduation.

Park Management
This emphasis provides an integrated approach to park and recreation area management. A combination of natural resources, horticulture, and management courses prepare students for park and resource management positions, typically with federal/state/county/city recreation agencies. Flexibility in the choice of major electives allows students to build a customized program that meets their specific career goals.

Program outcomes: graduates will
* understand the interrelatedness of and techniques used to manage both visitor use and recreational resources

Park Management Emphasis Requirements
BIOL 2022 - General Botany (3.0 cr)
NATR 3203 - Park and Recreation Management (3.0 cr)
NATR 3344 - Land Use Planning (3.0 cr)
NATR 3364 - Plant Taxonomy (3.0 cr)
NATR 3699 - Integrated Resource Management (3.0 cr)
SOIL 1293 - Soil Science (3.0 cr)

Liberal Education Requirements
Will count towards the 40 credits required in liberal education.
MATH 1031 - College Algebra [MATH THINK] (3.0 cr)
or MATH 1150 - Elementary Statistics [MATH THINK] (3.0 cr)

Agriculture/Natural Resources Electives
Students must take 15 credits.

Horticulture Electives
Students must take 7 credits.

Management Electives
Students must take 3 credits.

Open Electives
Students must take enough Open Electives credits to meet the 120 credit requirement for graduation.

Water Resource Management
Courses in natural resources along with agriculture, geology, soils, fisheries management, water quality, and land use planning provide a background focused on water resources. Watersheds are studied by land cover and mapping technologies in relationship to field monitoring of lakes and streams.

Program outcomes: graduates will
* understand methods of assessing land management practices at the watershed scale and how they affect water quality
* measure and use appropriate water quality parameters to assess the health of land and aquatic systems
* recommend appropriate land/water management practices to achieve soil conservation and water quality goals

Water Resource Management Emphasis Requirements
AGRO 1183 - Field Crops: Production Principles (3.0 cr)
ASM 3009 - Surveying (4.0 cr)
BIOL 2022 - General Botany (3.0 cr)
BIOL 3722 - Limnology (3.0 cr)
GEOL 1001 - Introductory Geology [PHYS SCI, PEOPLE/ENV] (3.0 cr)
NATR 1663 - Principles of Fisheries Management (3.0 cr)
NATR 3344 - Land Use Planning (3.0 cr)
NATR 3364 - Plant Taxonomy (3.0 cr)
NATR 3376 - Wetland and Riparian Ecology and Management (3.0 cr)
NATR 3699 - Integrated Resource Management (3.0 cr)
SOIL 1293 - Soil Science (3.0 cr)
SWM 3009 - Hydrology and Water Quality (4.0 cr)  
SWM 3224 - Soil and Water Conservation (4.0 cr)  
SWM 3225 - Watershed Management (3.0 cr)

**Liberal Education Requirements**
Will count towards the 40 credits required in liberal education.

MATH 1031 - College Algebra [MATH THINK] (3.0 cr)  
or MATH 1150 - Elementary Statistics [MATH THINK] (3.0 cr)

**Open Electives**
Students must take enough Open Electives credits to meet the 120 credit requirement for graduation.

**Wildlife Management**
This emphasis concentrates on wildlife and habitats. The major focuses on land and wetland habitats and their animal associates with some emphasis on fisheries management. Graduates fulfill the educational requirements for certification as an Associate Wildlife Biologist by The Wildlife Society. Professional relationships and student development are enhanced by a student chapter of The Wildlife Society.

**Program outcomes:** graduates will
* understand the interrelatedness and techniques used to manage vertebrate populations and their habitat

* understand the dynamics of wildlife populations, habitats, and appropriate monitoring techniques

A minimum GPA of 3.00 is required for graduation.

**Wildlife Management Emphasis Requirements**
AGRO 3030 - Research Techniques (3.0 cr)  
ANSC 3203 - Animal Anatomy and Physiology (4.0 cr)  
ASM 1034 - Facility Maintenance and Safety (4.0 cr)  
ASM 3009 - Surveying (4.0 cr)  
BIOL 2012 - General Zoology (4.0 cr)  
BIOL 2022 - General Botany (3.0 cr)  
NATR 3344 - Land Use Planning (3.0 cr)  
NATR 3364 - Plant Taxonomy (3.0 cr)  
NATR 3464 - Mammalogy (3.0 cr)  
NATR 3466 - Ornithology (3.0 cr)  
NATR 3468 - Wildlife Habitat Management Techniques (3.0 cr)  
NATR 3654 - Wildlife Ecology and Management (4.0 cr)  
NATR 3660 - Prairie Ecosystem Management (2.0 cr)  
NATR 3699 - Integrated Resource Management (3.0 cr)  
SOIL 1293 - Soil Science (3.0 cr)

**Liberal Education Requirements**
Will count towards the 40 credits required in liberal education.

MATH 1031 - College Algebra [MATH THINK] (3.0 cr)  
MATH 1150 - Elementary Statistics [MATH THINK] (3.0 cr)

**Open Electives**
Students must take enough Open Electives credits to meet the 120 credit requirement for graduation.
Quality Management B.M.M.

Program Type: Baccalaureate
Requirements for this program are current for Fall 2013
Required credits to graduate with this degree: 120
Required credits within the major: 120
Degree: Bachelor of Manufacturing Management

The Bachelor of Manufacturing Management (BMM) degree in Quality Management responds to increased employer demand for employees with a solid background in manufacturing techniques combined with a qualification in quality. Many companies that outsource production discover the need for more stringent quality assurance of products made in foreign countries, causing an increased need for graduates with a good grounding in Quality Management. The high demand is concomitant with above average starting salaries.

The Quality Management degree was designed with learner outcomes designed to: (1) meet the employability requirements of industry; (2) incorporate changing consumer interests, attitudes, and concerns for quality management; (3) offer students an attractive, well differentiated educational option to complete their bachelor level education; (4) utilize existing intellectual and physical resources. The Quality Management program prepares graduates for employment in industry and public regulatory agencies. University of Minnesota, Crookston graduates have the knowledge and skills to contribute to the quality functions at their prospective employers. At present a search on the website of ihirequalitycontrol.com yielded 110 middle management positions in and around Minneapolis, 156 positions in Seattle, and 61 jobs in Raleigh, NC.

The Quality Management program is transfer friendly and an attractive option for Technical College graduates to complete their academic qualification to bachelor level. It is especially tailored to those individuals who would like to become part of the management team within their workplaces. The university recognizes the value of the technical skills that students acquired at other institutions and the experience they have gained during their careers. The right combination of communication and management skills and pertinent quality-related learning are added to prepare the students for future opportunities. The program is offered on campus and online to respond to the needs of busy working adults who cannot attend any of the classes.

Program Delivery
This program is available:
• via classroom (the majority of instruction is face-to-face)

Admission Requirements
For information about University of Minnesota admission requirements, visit the Office of Admissions website.

General Requirements
All students are required to complete general University and college requirements. For more information, see the graduation requirements.

Program Requirements
B.M.M. in Quality Management Options

Transfer Credits
Students transfer in 59 credits. If they transfer in less, they take the credits as electives until they have satisfied the 59 transfer credit requirement.

-OR-

BMM in Quality Management Online
Complete the requirements of the BMM in Quality Management Online option.

Quality Management Core Requirements
ACCT 2101 - Principles of Accounting I (3.0 cr)
BM 3006 - Maintenance and Safety Management (3.0 cr)
BM 3007 - Metrology (3.0 cr)
BM 3008 - Regulations and Compliance (3.0 cr)
BM 3012 - Applied Engineering Principles (3.0 cr)
BM 3034 - Quality Management Systems (3.0 cr)
BM 3053 - Product Development Management (3.0 cr)
MGMT 3100 - Managerial Finance (3.0 cr)
MGMT 3200 - Principles of Management (3.0 cr)
MGMT 3250 - Operations Management (3.0 cr)
MGMT 3255 - Logistics and Supply Chain Management (3.0 cr)
MGMT 3210 - Supervision and Leadership (3.0 cr)

or MKTG 3300 - Principles of Marketing (3.0 cr)

Liberal Education Requirements
COMM 3008 - Business Writing (3.0 cr)
COMP 1011 - Composition I [COMMUNICAT] (3.0 cr)
COMP 1013 - Composition II [COMMUNICAT] (3.0 cr)
ECON 2101 - Microeconomics [HI/BEH/SSC] (3.0 cr)
MATH 1031 - College Algebra [MATH THINK] (3.0 cr)
MATH 1150 - Elementary Statistics [MATH THINK] (3.0 cr)
SPCH 1101 - Public Speaking [COMMUNICAT] (3.0 cr)

Upper Division Electives
Students must take 4 credits of upper division electives.

Program Sub-plans
A sub-plan is not required for this program.

B.M.M. in Quality Management (Online)
The Bachelor of Manufacturing Management (BMM) in Quality Management responds to increased employer demand for employees with a solid background in manufacturing techniques combined with a qualification in quality.
The Quality Management degree is transfer friendly and an attractive option for Technical College graduates to complete their academic qualification to bachelor level. It is especially tailored to those individuals who would like to become part of the management team within their workplaces. The program is offered on campus and online to respond to the needs of busy working adults who cannot attend any of the classes.

Transfer Credits
Students transfer in 58 credits. If they transfer in less, they take the credits as electives until they have satisfied the 58 transfer credit requirement.

Technology Requirement
GBUS 1005 - Orientation to Online Learning (1.0 cr)

**Crookston Campus**

**Software Engineering B.S.**
*Math, Science and Technology*

**Academic Affairs**

- Program Type: Baccalaureate
- Requirements for this program are current for Fall 2013
- Required credits to graduate with this degree: 120
- Required credits within the major: 69
- This program requires summer terms.
- Degree: Bachelor of Science

As technology penetrates every sector of the economy, software needs are becoming increasingly complex. This need has seen the evolution of a relatively new area of study, software engineering. The U.S. Department of Labor, Bureau of Labor Statistics state that computer software engineering will be among the fastest growing occupations for the next 10 years.

The software engineering program combines the theory behind good software engineering practices along with applied projects throughout the IEEE standardized curriculum. This approach provides graduates the knowledge and skills to be successful in the workplace or in graduate studies.

Program outcomes: graduates will
- show mastery of the software engineering knowledge and skills and professional issues necessary to begin practice as a software engineer
- work as an individual and as part of a team to develop and deliver quality software artifacts
- reconcile conflicting project objectives, finding acceptable compromises within limitations of cost, time, knowledge, existing systems, and organizations
- design appropriate solutions in one or more application domains using software engineering approaches that integrate ethical, social, legal, and economic concerns
- demonstrate an understanding of and apply current theories, models, and techniques that provide a basis for problem identification and analysis, software design, development, implementation, verification, and documentation
- demonstrate an understanding and appreciation for the importance of negotiation, effective work habits, leadership, and good communication with stakeholders in a typical software development environment
- learn new models, techniques, and technologies as they emerge and appreciate the necessity of such continuing professional development

**Program Delivery**
This program is available:
- via classroom (the majority of instruction is face-to-face)

**Admission Requirements**
For information about University of Minnesota admission requirements, visit the Office of Admissions website.

**General Requirements**
All students are required to complete general University and college requirements. For more information, see the graduation requirements.

**Program Requirements**
Students must complete 40 upper division credits.

**Liberal Education Requirements**
A minimum of 40 liberal education credits required. Students must complete the 10 goal areas of the Minnesota Transfer Curriculum with the following specific liberal education courses required:
BIOL 1009 - General Biology [BIOL SCI, PEOPLE/ENV] (4.0 cr)
COMP 1011 - Composition I [COMMUNICAT] (3.0 cr)
COMP 1013 - Composition II [COMMUNICAT] (3.0 cr)
ECON 2101 - Microeconomics [HI/BEH/SSC] (3.0 cr)
HUM 3310 - Culture and Technology [HUMANITIES, GLOB PERSP] (3.0 cr)
PHIL 1001 - Introduction to Philosophy [HUMANITIES, ETH/CIV RE] (3.0 cr)
PHYS 1101 - Introductory College Physics I [PHYS SCI] (4.0 cr)
SPCH 1101 - Public Speaking [COMMUNICAT] (3.0 cr)
PSY 1001 - General Psychology [HI/BEH/SSC] (3.0 cr)
MATH 1271 - Calculus I [MATH THINK] (4.0 cr)
MATH 1150 - Elementary Statistics [MATH THINK] (3.0 cr)

Technology Requirement
Students must take 3 credits of any CA courses.

Program Requirements
Students must complete 17 open electives.
Recommended electives for financial/e-commerce systems specialization:  ACCT 2101, ITM 3215, MGMT 3100, MGMT 3270
Recommended electives for network-centric systems specialization:  ITM 3130, ITM 3145, ITM 3200, ITM 3215
SE 1500 - Discrete Structures I (3.0 cr)
SE 1600 - Discrete Structures II (3.0 cr)
SE 2090 - Data Structures and Algorithms (3.0 cr)
SE 2100 - Microcomputer Systems Architecture (3.0 cr)
SE 2200 - Introduction to Software Engineering (3.0 cr)
SE 2300 - Software Construction (3.0 cr)
SE 2400 - Software Engineering Approach to Human Computer Interaction (3.0 cr)
SE 3200 - Software Design and Architecture (3.0 cr)
SE 3300 - Software Quality Assurance and Testing (3.0 cr)
SE 3400 - Software Requirements Analysis (3.0 cr)
SE 3700 - Software Project Management (3.0 cr)
SE 3900 - Internship (3.0 cr)
SE 4500 - Senior Project I (3.0 cr)
SE 4510 - Senior Project II (3.0 cr)
SE 2050 - Introduction to Programming I (3.0 cr)
SE 3050 - Database Management Systems (3.0 cr)
SE 2070 - Introduction to Programming II (3.0 cr)
ITM 3110 - Microcomputer Operating Systems (3.0 cr)
NT 3120 - Networking Standards and Protocols (3.0 cr)
MGMT 3200 - Principles of Management (3.0 cr)
Crookston Campus
Sport and Recreation Management B.S.

Program Type: Baccalaureate
Requirements for this program are current for Fall 2013
Required credits to graduate with this degree: 120
Required credits within the major: 67
This program requires summer terms.
Degree: Bachelor of Science

The sport and recreation management program gives students the opportunity to develop knowledge and expertise in sport and recreation with an orientation toward management. It is employment-oriented, designed around active learning and responsive teaching, and technology-driven, focused on communication and human relations.

Program graduates will be able to manage, assist in the management of, or find employment in sport and recreation organizations. Career opportunities include positions in professional sport franchises, sport and recreation facilities, participative sport event management, spectator sport event management, licensed athletic apparel companies, corporate fitness programs, college and university athletic departments, park and tourist attraction sites, community centers, senior centers, health clubs, sport and recreation camps, clinics, and seminars.

Program outcomes: graduates will demonstrate:
1. competencies in general business disciplines (i.e. management, marketing, finance) as related to sport and recreation management;
2. skills in written and oral communication that relate to the sport and recreation industry;
3. ability to apply industry-specific technological tools and operating procedures for sport and recreation;
4. team building skills and the ability to work in groups.

Program Delivery
This program is available:
• via classroom (the majority of instruction is face-to-face)

Admission Requirements
For information about University of Minnesota admission requirements, visit the Office of Admissions website.

General Requirements
All students are required to complete general University and college requirements. For more information, see the graduation requirements.

Program Requirements
Students must complete 40 upper division credits.

Required courses - 61 credits
ACCT 2101 - Principles of Accounting I (3.0 cr)
ACCT 2102 - Principles of Accounting II (3.0 cr)
GBUS 1005 - Orientation to Online Learning (1.0 cr)
GBUS 3107 - Legal Environment in Business (3.0 cr)
HLTH 1062 - First Aid and CPR (2.0 cr)
HSCI 1072 - Wellness (3.0 cr)
MGMT 3100 - Managerial Finance (3.0 cr)
MGMT 3200 - Principles of Management (3.0 cr)
MGMT 3210 - Supervision and Leadership (3.0 cr)
MKTG 2200 - Personal Selling (3.0 cr)
MKTG 3300 - Principles of Marketing (3.0 cr)
SRM 2020 - Foundations of Sport and Recreation Management (3.0 cr)
SRM 2100 - Psychology of Sport (3.0 cr)
SRM 3002 - Sport Law and Governance (3.0 cr)
SRM 3003 - Facility and Event Management (3.0 cr)
SRM 3006 - Sport Marketing and Communication (3.0 cr)
SRM 3008 - Sport Ethics and Leadership (3.0 cr)
SRM 3012 - Sport Finance and Economics (3.0 cr)
SRM 3200 - Socio-Cultural Dimensions in Sport (3.0 cr)
SRM 3900 - Internship in Sport and Recreation Management (1.0 - 3.0 cr)
SRM 4099 - Seminar in Sport and Recreation Management (1.0 cr)
COMM 3008 - Business Writing (3.0 cr)
  or COMM 3303 - Writing in Your Profession (3.0 cr)

Liberal Education Requirements
A minimum of 40 liberal education credits required. Students must complete the 10 goal areas of the Minnesota Transfer Curriculum with the following specific liberal education courses required:
  COMP 1011 - Composition I [COMMUNICAT] (3.0 cr)
  COMP 1013 - Composition II [COMMUNICAT] (3.0 cr)
  ECON 2101 - Microeconomics [HI/BEH/SSC] (3.0 cr)
  ECON 2102 - Macroeconomics [HI/BEH/SSC] (3.0 cr)
  MATH 1031 - College Algebra [MATH THINK] (3.0 cr)
  MATH 1150 - Elementary Statistics [MATH THINK] (3.0 cr)
  SPCH 1101 - Public Speaking [COMMUNICAT] (3.0 cr)

Physical Education and Recreation Requirements
Take 4 credits of any PER courses.
  PER 1xxx

Technology Requirements
Take 3 credits of any CA courses.
  CA 1xxx

Prescribed Electives
The following courses will not satisfy this requirement: Mgmt 3100, 3200, 3210, Mktg 3300. If a CA course is chosen, it must be a different course than the CA course chosen to meet the Technology Requirement.
Take 1 or more course(s) totaling 2 or more credit(s) from the following:
  • CA 1xxx
  • ITM 1xxx
  • ITM 2xxx
  • ITM 3xxx
  • ITM 4xxx
  • MGMT 3xxx
  • MGMT 4xxx
  • MKTG 3xxx
  • MKTG 4xxx

Open Electives
Students must take enough Open Electives credits to meet the 120 credit requirement for graduation.
Crookston Campus
Accounting Minor

Business

Academic Affairs

- Program Type: Undergraduate minor related to major
- Requirements for this program are current for Fall 2013
- Required credits in this minor: 26 to 27

A minor in accounting complements several other majors. The accounting minor introduces students to the theory and practice of accounting, including the basics of generally accepted accounting principles. The accounting minor has flexibility to allow a student to concentrate in taxation, cost accounting, auditing, or financial accounting. The accounting minor also may be used to help qualify the student to take the CPA exam.

Program outcomes: students who earn an accounting minor will
* understand generally accepted accounting principles
* perform accounting functions based on generally accepted accounting principles
* perform accounting functions using various accounting and tax software

Program Delivery
This program is available:
- via classroom (the majority of instruction is face-to-face)

Minor Requirements

Accounting Requirements
Required courses - 20 credits
ACCT 2101 - Principles of Accounting I (3.0 cr)
ACCT 2102 - Principles of Accounting II (3.0 cr)
ACCT 3201 - Intermediate Accounting I (4.0 cr)
ACCT 3202 - Intermediate Accounting II (4.0 cr)
ACCT 3220 - Accounting Systems (3.0 cr)
ACCT 3301 - Cost Accounting I (3.0 cr)
or ACCT 4221 - Auditing I (3.0 cr)
or ACCT 4404 - Income Tax I (3.0 cr)

Accounting Electives
Students must complete 6 credits from the following listed courses. The courses selected must not include the 3-credit course the student selected from the "or" choice of courses under Accounting Requirements. Take 6 or more credit(s) from the following:
- ACCT 3301 - Cost Accounting I (3.0 cr)
- ACCT 3302 - Cost Accounting II (3.0 cr)
- ACCT 3900 - Internship (1.0 - 3.0 cr)
- ACCT 4110 - Advanced Accounting I (3.0 cr)
- ACCT 4111 - Advanced Accounting II (3.0 cr)
- ACCT 4221 - Auditing I (3.0 cr)
- ACCT 4310 - Auditing II (3.0 cr)
- ACCT 4404 - Income Tax I (3.0 cr)
- ACCT 4405 - Income Tax II (3.0 cr)
- ACCT 4420 - Income Tax Preparation (3.0 cr)
- ACCT 4500 - Forensic Accounting (3.0 cr)
- ACCT 4511 - CPA Review Course--Regulation (3.0 cr)
- ACCT 4512 - CPA Review Course--Financial Reporting and Accounting (3.0 cr)
- ACCT 4513 - CPA Review Course--Auditing and Attestation (3.0 cr)
- ACCT 4514 - CPA Review Course--Business Environment and Concepts (3.0 cr)
- GBUS 3117 - Business Law (3.0 cr)

Program Sub-plans
A sub-plan is not required for this program.

**Accounting Minor (Online)**

A minor in accounting online complements several other majors. The accounting minor online introduces students to the theory and practice of accounting, including the basics of generally accepted accounting principles. The accounting minor online, which has the same curriculum as the classroom delivered accounting minor, has flexibility to allow student to concentrate in taxation, cost accounting, auditing, or financial accounting. The accounting minor online also may be used to help qualify the student to take the CPA exam.

Program outcomes: students who earn an accounting minor online will
* understand generally accepted accounting principles
* perform accounting functions based on generally accepted accounting principles
* perform accounting functions using various accounting and tax software

**Technology Requirement**

Required course - 1 credit
* GBUS 1005 - Orientation to Online Learning (1.0 cr)
Crookston Campus
Agricultural Business Minor
Agriculture and Natural Resources
Academic Affairs

• Program Type: Undergraduate minor related to major
• Requirements for this program are current for Fall 2013
• Required credits in this minor: 21

The agricultural business minor gives students a broad understanding of marketing techniques, livestock and grain commodities, financing, and economics of agriculture. This minor compliments many of the agriculture-based majors as well as business such that students learn valuable information regardless of whether they work in lending, consulting, sales, or run their own business.

Program Delivery
This program is available:
• via classroom (the majority of instruction is face-to-face)

Minor Requirements
Agricultural Business Minor Requirements

Required courses - 21 credits
AGEC 2530 - Professional Agriselling (3.0 cr)
AGEC 3540 - Farm Business Management (3.0 cr)
AGEC 3640 - Agricultural Finance and Valuation (3.0 cr)
MKTG 3300 - Principles of Marketing (3.0 cr)

Choose one of the following:
ACCT 2102 - Principles of Accounting II (3.0 cr)
or AGEC 2310 - Agribusiness Financial Records (3.0 cr)

Choose one of the following:
AGEC 4740 - Grain and Livestock Marketing (3.0 cr)
or AGEC 4750 - Agribusiness Marketing (3.0 cr)

Choose one of the following:
COMM 3008 - Business Writing (3.0 cr)
or COMM 3704 - Business and Professional Speaking (3.0 cr)
or MGMT 3210 - Supervision and Leadership (3.0 cr)
Crookston Campus

Agricultural Systems Management Minor

Agriculture and Natural Resources

Academic Affairs

• Program Type: Undergraduate minor related to major
• Requirements for this program are current for Fall 2013
• Required credits in this minor: 18

A minor in agricultural systems management provides an opportunity for students to learn the principles of agricultural technologies and how they relate to crop and livestock production and modern agricultural machinery. The opportunity exists for students to gain valuable knowledge in the area of renewable energy and bio-fuels technology and how that relates to agricultural enterprises.

Program Delivery

This program is available:
• via classroom (the majority of instruction is face-to-face)

Minor Requirements

Take 6 or more course(s) totaling 18 or more credit(s) from the following:

• ASM 1021 - Introduction to Agricultural Systems Management (2.0 cr)
• ASM 1034 - Facility Maintenance and Safety (4.0 cr)
• ASM 2043 - Welding and Manufacturing Processes (3.0 cr)
• ASM 2053 - Electricity, Controls, and Sensors in Agriculture (3.0 cr)
• ASM 2200 - Introduction to Renewable Energy Systems (3.0 cr)
• ASM 2250 - Agricultural Machinery Management (3.0 cr)
• ASM 3002 - Agricultural Mobile Power Systems (3.0 cr)
• ASM 3005 - Facilities Planning and Selection (3.0 cr)
• ASM 3009 - Surveying (4.0 cr)
• ASM 3201 - Bio-Fuels Technology (3.0 cr)
• ASM 3202 - Solar, Wind, and Geo-Thermal Systems (3.0 cr)
• ASM 3360 - Applications in Precision Agriculture (3.0 cr)
• ASM 3511 - Yield Monitoring and Data Interpretation (1.0 cr)
• ASM 3512 - Remote Sensing Applications in Precision Agriculture (1.0 cr)
• ASM 3513 - Precision Farming Data (1.0 cr)
Crookston Campus

Agronomy Minor
Agriculture and Natural Resources
Academic Affairs

• Program Type: Undergraduate minor related to major
• Requirements for this program are current for Fall 2013
• Required credits in this minor: 24 to 25

The agronomy minor prepares graduates to work in crop production operations and provides entry level education for jobs in the agriculture service sector. Potential employers include seed, feed, fertilizer, and chemical companies, grain inspection facilities, and grain elevators.

Program Delivery
This program is available:
• via classroom (the majority of instruction is face-to-face)

Minor Requirements
Agronomy Minor Requirements

Required courses - 24 to 25 credits
AGRO 1030 - Crop and Weed Identification (3.0 cr)
AGRO 2640 - Applied Agriculture Chemicals (3.0 cr)
AGRO 3023 - Plant Breeding and Genetics (4.0 cr)
SOIL 3414 - Soil Fertility and Plant Nutrition (4.0 cr)

Choose one of the following:
AGRO 1540 - Seed Conditioning and Technology (4.0 cr)
or
AGRO 2840 - Grain and Seed Evaluation (4.0 cr)

Choose one of the following:
AGRO 2573 - Entomology (3.0 cr)
or
AGRO 3230 - Introduction to Plant Pathology (3.0 cr)

Choose one of the following:
AGRO 3130 - Forages (3.0 cr)
or
AGRO 3444 - Crop Production (4.0 cr)
Crookston Campus

Animal Science Minor
Agriculture and Natural Resources
Academic Affairs

- Program Type: Undergraduate minor related to major
- Requirements for this program are current for Fall 2013
- Required credits in this minor: 24 to 26

The animal science minor allows students to attain valuable information with regard to the essentials of livestock (meat) and dairy production principles. Students earning this minor are trained for careers in areas such as ranching, herdsmen, dairymen, and other allied industry positions.

Program Delivery
This program is available:
- via classroom (the majority of instruction is face-to-face)

Minor Requirements
Animal Science Minor Requirements
Required courses - 24 to 26 credits
   ANSC 1101 - Animal Evaluation (1.0 cr)
   ANSC 2104 - Feeds and Feeding (4.0 cr)
   ANSC 3203 - Animal Anatomy and Physiology (4.0 cr)
   ANSC 3304 - Reproduction, AI, and Lactation (4.0 cr)
   ANSC 3503 - Animal Health and Disease (3.0 cr)
Choose one of the following:
   ANSC 1205 - Beef and Dairy Production Techniques (2.0 cr)
   or ANSC 1206 - Sheep and Swine Production Techniques (2.0 cr)
Choose one of the following:
   ANSC 3004 - Livestock Facilities and Environmental Systems (3.0 cr)
   or ANSC 3023 - Animal Breeding (3.0 cr)
   or ANSC 3104 - Applied Animal Nutrition (4.0 cr)
   or ASM 3005 - Facilities Planning and Selection (3.0 cr)
Choose one of the following:
   ANSC 3204 - Dairy Production (4.0 cr)
   or ANSC 3303 - Beef Production (3.0 cr)
**Crookston Campus**

**Biology Minor**

*Math, Science and Technology*

**Academic Affairs**

- Program Type: Undergraduate minor related to major
- Requirements for this program are current for Fall 2013
- Required credits in this minor: 20 to 21

The biology minor program introduces students to the core concepts in a broad range of biological areas with two possible emphases, animal or plant biology. It is designed to complement majors in animal sciences, agriculture, and natural resources but can be tailored for students in other majors as well.

**Program Delivery**

This program is available:
- via classroom (the majority of instruction is face-to-face)

**Minor Requirements**

**Biology Minor Requirements**

Required Courses - 20 to 21 credits

- BIOL 3022 - Principles of Genetics (3.0 cr)
- BIOL 3027 - Cell Biology (3.0 cr)
- BIOL 3122 - Evolution (3.0 cr)
- NATR 3374 - Ecology [BIOL SCI] (4.0 cr)
- BIOL 1009 - General Biology [BIOL SCI, PEOPLE/ENV] (4.0 cr)
  - or BIOL 1009H - Honors: General Biology [BIOL SCI, PEOPLE/ENV] (4.0 cr)
- BIOL 2012 - General Zoology (4.0 cr)
  - or BIOL 2022 - General Botany (3.0 cr)
Crookston Campus
Communication Minor
Liberal Arts and Education
Academic Affairs

• Program Type: Undergraduate minor related to major
• Requirements for this program are current for Fall 2013
• Required credits in this minor: 18 to 19

The communication minor complements all UMC degree programs by preparing students to be effective communicators in any profession. The minor emphasizes communication theory and practice, as well as the creation, development, presentation, and evaluation of coherent messages.

The minor provides students with the flexibility to select courses that enhance their professional career preparations.

Program outcomes: students will
* demonstrate proficiencies in applying theory, listening, reading, speaking, and writing in the profession
* demonstrate critical thinking and problem solving skills, including analyzing, interpreting, and evaluating applied communication
* demonstrate proficiencies in interpersonal and group processes, conflict management, collaboration, team building, and leadership
* demonstrate understanding of the ethical behavior practiced in the profession
* demonstrate awareness and sensitivity required for communicating in culturally diverse groups

Program Delivery
This program is available:
• via classroom (the majority of instruction is face-to-face)

Minor Requirements
Communication Requirements
Required courses - 12 credits
COMM 3000 - Communication Theory (3.0 cr)
COMM 3001 - Human Relationships and Leadership [HUMAN DIV] (3.0 cr)
COMM 3303 - Writing in Your Profession (3.0 cr)
COMM 3704 - Business and Professional Speaking (3.0 cr)

Electives
Required courses - 6 credits
Take 2 or more course(s) totaling 6 or more credit(s) from the following:
• COMM 2002 - Interpersonal Communication (3.0 cr)
• COMM 2223 - English Grammar and Usage (3.0 cr)
• COMM 2334 - Communication Topics (3.0 cr)
• COMM 2335 - Introduction to Creative Writing (3.0 cr)
• COMM 2434 - Oral Interpretation and Performance Techniques [HUMANITIES] (3.0 cr)
• COMM 3008 - Business Writing (3.0 cr)
• COMM 3431 - Persuasion (3.0 cr)
• COMM 3537 - Visual Communication (3.0 cr)
• COMM 3610 - Corporate Training (3.0 cr)
• COMM 3710 - Event Planning and Management (3.0 cr)
• COMM 3804 - Individual Studies (1.0 - 3.0 cr)
• COMM 3855 - Topics in Communication (3.0 cr)
• COMM 3856 - Editing (3.0 cr)
• COMM 3857 - Technical Communication (3.0 cr)
• COMM 3900 - Internship (3.0 cr)
• COMM 4000 - News and Promotional Writing (3.0 cr)
• COMM 4002 - Intercultural Communication (3.0 cr)
• COMM 4007 - Political Communication (3.0 cr)
• COMM 4703 - Communication Ethics (3.0 cr)
• COMM 4704 - Organizational Communication (3.0 cr)
• COMM 4800 - Crisis Communication (3.0 cr)
• COMM 4802 - Publication Design and Management (3.0 cr)
• COMM 4850 - Report Writing (3.0 cr)
• COMM 4900 - Public Relations (3.0 cr)
• SOC 3001 - Social and Behavioral Science Research Methods (3.0 cr)

Program Sub-plans
A sub-plan is not required for this program.

Communication Minor (Online)
The Communication Minor complements all UMC degree programs by preparing students to be effective communicators in any profession. The minor emphasizes communication theory and practice as well as the creation, development, presentation, and evaluation of coherent messages.

The Communication Minor Online has the same curriculum as the on-campus Communication Minor with the exception of a one-credit technology requirement.

Technology Requirement
Required course - 1 credit
GBUS 1005 - Orientation to Online Learning (1.0 cr)
Criminal Justice Minor

The minor in criminal justice provides an opportunity for students interested in obtaining a bachelor’s degree in a different field of study to take coursework to gain an understanding of the criminal justice system. The minor is designed to provide students with a broad overview of the criminal justice field by focusing on criminological theory, corrections, policing, juvenile justice issues, and criminal law.

Program Delivery

This program is available:

- via classroom (the majority of instruction is face-to-face)

Minor Requirements

Criminal Justice Minor Requirements

- CRJS 1500 - Introduction to Criminal Justice [HI/BEH/SSC, ETH/CIV RE] (4.0 cr)
- CRJS 2100 - Crime and Criminology (3.0 cr)
- CRJS 2400 - Introduction to Corrections (3.0 cr)
- CRJS 2500 - Introduction to Policing (3.0 cr)
- CRJS 3525 - Juvenile Justice and Delinquency (3.0 cr)
- CRJS 4540 - Criminal Law (4.0 cr)
**Crookston Campus**

**Environmental Sciences Minor**
*Math, Science and Technology*

**Academic Affairs**

- Program Type: Undergraduate minor related to major
- Requirements for this program are current for Fall 2013
- Required credits in this minor: 20
- This program requires summer terms.

The environmental sciences minor introduces students to the core concepts of environmental sciences. Students will gain an overall understanding of environmental sciences and its importance in today’s society. This minor meshes well with major courses of study in biology, agronomy, horticulture, animal science, and natural resources giving these students a feel for how their disciplines interact with environmental sciences. It also helps develop critical thinking skills in applying science-based decision making as it pertains to the environment.

**Program Delivery**
This program is available:
- via classroom (the majority of instruction is face-to-face)

**Minor Requirements**

**Minor Requirements (20 cr)**
- BIOL 3420 - Ecotoxicology (3.0 cr)
- ENSC 3124 - Environmental Science and Remediation Techniques (3.0 cr)
- ENSC 3720 - Fate of Chemicals in the Environment (4.0 cr)
- ENSC 4022 - Risk Assessment and Environmental Impact Statements (3.0 cr)
- NATR 1226 - Environmental Science and Sustainability [BIOL SCI, PEOPLE/ENV] (3.0 cr)
- SWM 3009 - Hydrology and Water Quality (4.0 cr)
Crookston Campus
Equine Science Minor
Agriculture and Natural Resources
Academic Affairs

- Program Type: Undergraduate minor related to major
- Requirements for this program are current for Fall 2013
- Required credits in this minor: 25 to 27

The minor in equine science introduces students to the pertinent areas of management and production of the equine industry. Students learn core concepts of the equine industry, including training in reproduction, exercise physiology, nutrition, management of equine facilities, and rider instructor training.

Program Delivery
This program is available:
- via classroom (the majority of instruction is face-to-face)

Minor Requirements
Equine Science Minor Requirements
Required courses - 25 to 27 credits
ANSC 2104 - Feeds and Feeding (4.0 cr)
ANSC 3203 - Animal Anatomy and Physiology (4.0 cr)
ANSC 3503 - Animal Health and Disease (3.0 cr)
EQSC 1202 - Equine Evaluation (2.0 cr)
EQSC 2102 - Horse Production (4.0 cr)
EQSC 4102 - Equine Management (3.0 cr)

Choose one of the following:
- EQSC 1000 - Light Horse Driving (2.0 cr)
- EQSC 1100 - Western Equitation (3.0 cr)
- EQSC 1200 - Hunt Seat & Dressage Equitation (3.0 cr)
- EQSC 1300 - Saddle Seat Equitation (2.0 cr)

Choose one of the following:
- ANSC 3304 - Reproduction, AI, and Lactation (4.0 cr)
- EQSC 3305 - Equine Reproductive Techniques (3.0 cr)
- EQSC 3403 - Equine Exercise Physiology (3.0 cr)
Crookston Campus
Finance Minor
Business
Academic Affairs

• Program Type: Undergraduate minor related to major
• Requirements for this program are current for Fall 2013
• Required credits in this minor: 28

The finance minor is available on campus and online and focuses on tools to solve business problems while giving students insight to understand financial and economic behavior. As an employment sector with sustainable future growth, the minor enhances the career prospects of our graduates. Students will be introduced to the principles of finance and how to apply these principles to analyze several financial issues. Students will develop the problem-solving and quantitative skills that are widely used in business. The minor in finance is available to all undergraduate students at UMC. Several electives are offered to provide a specialized education for students seeking the finance minor.

Program outcomes:
* describe the dimensions of performance and risk relevant to financial services companies;
* assess consumer financial needs and the mechanisms available for fulfilling these needs;
* describe and apply financial concepts, theories, and tools;
* evaluate the role of technology and the legal, ethical, and economics environment as it relates to financial services;
* develop personal financial plans for clients.

Program Delivery
This program is available:
• via classroom (the majority of instruction is face-to-face)
• completely online (all program coursework can be completed online)
• primarily online (at least 80% of the instruction for the program is online with short, intensive periods of face-to-face coursework)
• partially online (between 50% to 80% of instruction is online)

Minor Requirements
Minor Requirements
Requirements - 22 credits
ACCT 2101 - Principles of Accounting I (3.0 cr)
ACCT 2102 - Principles of Accounting II (3.0 cr)
ECON 2102 - Macroeconomics [HI/BEH/SSC] (3.0 cr)
FIN 3105 - Corporate Finance (3.0 cr)
FIN 3120 - Money, Banking and Financial Institutions (3.0 cr)
GBUS 1005 - Orientation to Online Learning (1.0 cr)
MATH 1031 - College Algebra [MATH THINK] (3.0 cr)
or MATH 1250 - Pre-calculus [MATH THINK] (4.0 cr)
AGEC 3640 - Agricultural Finance and Valuation (3.0 cr)
or MGMT 3100 - Managerial Finance (3.0 cr)

Finance Electives Requirements
Take 2 or more course(s) from the following:
• ACCT 4404 - Income Tax I (3.0 cr)
• AGEC 4740 - Grain and Livestock Marketing (3.0 cr)
• FIN 3110 - Estate Planning (3.0 cr)
• FIN 3115 - Insurance and Risk Management (3.0 cr)
• FIN 3125 - Investment (3.0 cr)

Program Sub-plans
A sub-plan is not required for this program.

Online
The finance minor online has the same curriculum as the on-campus finance minor.
The finance minor focuses on tools to solve business problems while giving students insight to understand financial and economic behavior. **Horticulture Minor**

*Natural Resources*

**Academic Affairs**

- Program Type: Undergraduate minor related to major
- Requirements for this program are current for Fall 2013
- Required credits in this minor: 18
- none

The horticulture minor provides an opportunity for students in other majors (e.g., natural resources related, agronomy, ag business, business management, golf and turf management) to take a selected group of horticulture courses and strengthen their credentials in this area.

**Program Delivery**

This program is available:
- via classroom (the majority of instruction is face-to-face)

---

**Minor Requirements**

**Core Requirements**

HORT 1010 - Introduction to Horticulture (3.0 cr)
HORT 1021 - Woody Plant Materials (4.0 cr)
HORT 3036 - Plant Propagation (4.0 cr)
HORT 3033 - Commercial Floriculture Crops-Fall (4.0 cr)

* or HORT 3034 - Commercial Floriculture Crops-Spring (4.0 cr)

Take 3 or more credit(s) from the following:

- HORT 3030 - Landscape Design (4.0 cr)
- HORT 3031 - Herbaceous Perennial Plant Materials (2.0 cr)
- HORT 1091 - Indoor Flowering and Foliage Plants (2.0 cr)
- HORT 1092 - Floral Design (2.0 cr)
- HORT 3093 - Advanced Floral Design and Florist Operations (2.0 cr)
- HORT 3040 - Landscape Installation and Maintenance (3.0 cr)
Information Technology Management Minor

Program Type: Undergraduate minor related to major
Requirements for this program are current for Fall 2013
Required credits in this minor: 18

An information technology management minor gives students a general background in technology, computer applications, services, and systems.

Students completing the information technology management minor will:
• demonstrate abilities in the use of information systems hardware, operating systems, and industry leading computer applications
• use computer technology in preparing programs, presentations, and written reports
• demonstrate the ability to communicate clearly and concisely in written and oral communications through technical reports, solutions to information technology problems, and feasibility studies
• demonstrate human relations and career/life adaptability skills in problem solving, decision making, and responding to change
• demonstrate an environmental perspective in the development of solutions for business and information technology problem solving
• demonstrate global and ethical perspectives in information technology management

Program Delivery
This program is available:
• via classroom (the majority of instruction is face-to-face)

Minor Requirements

Program Core Requirements
SE 2050 - Introduction to Programming I (3.0 cr)
SE 3050 - Database Management Systems (3.0 cr)
ITM 3110 - Microcomputer Operating Systems (3.0 cr)

Take 9 or more credit(s) from the following:
• SE 2070 - Introduction to Programming II (3.0 cr)
• NT 3120 - Networking Standards and Protocols (3.0 cr)
• ITM 3130 - Messaging Systems (3.0 cr)
• SE 3145 - XML (3.0 cr)
• ITM 3190 - Topics in Information Technology Management (3.0 cr)
• ITM 3200 [Inactive] (3.0 cr)
• NT 3215 - Information Assurance and Systems Security (3.0 cr)
• ITM 4020 - Analysis and Design of Information Systems (3.0 cr)
Management Minor

Program Type: Undergraduate minor related to major
Requirements for this program are current for Fall 2013
Required credits in this minor: 25

A minor in management introduces students to current business theories and practices and provides a basic business knowledge foundation. It also gives students interested in business more marketability in all types of professions, from agriculture and natural sciences to information technology.

Students who earn a management minor will:

1. demonstrate an understanding of the management roles of planning, leading, organizing, and controlling;
2. demonstrate analytical and critical-thinking skills with direct application to management;
3. demonstrate the ability to communicate clearly and concisely in personal and business communication;
4. demonstrate capability to effectively manage human relations and diversity in professional and business environments;
5. demonstrate skill in the use of technology and computer applications in business and industry;
6. demonstrate capability to apply ethical and environmental values to business management principles and practices.

Program Delivery
This program is available:
• via classroom (the majority of instruction is face-to-face)
• completely online (all program coursework can be completed online)
• primarily online (at least 80% of the instruction for the program is online with short, intensive periods of face-to-face coursework)
• partially online (between 50% to 80% of instruction is online)

Minor Requirements

Required courses - 19 credits

- ACCT 2101 - Principles of Accounting I (3.0 cr)
- ECON 2101 - Microeconomics [HI/BEH/SSC] (3.0 cr)
- GBUS 1005 - Orientation to Online Learning (1.0 cr)
- ITM 3020 - Introduction to Management Information Systems (3.0 cr)
- MGMT 3100 - Managerial Finance (3.0 cr)
- MGMT 3200 - Principles of Management (3.0 cr)
- MKTG 3300 - Principles of Marketing (3.0 cr)

Prescribed Electives
Take 2 or more course(s) totaling 6 or more credit(s) from the following:
- GBUS 3500 - Business Ethics (3.0 cr)
- MGMT 3215 - Organizational Behavior (3.0 cr)
- MGMT 3220 - Human Resource Management (3.0 cr)
- MGMT 3500 - International Business Management (3.0 cr)
- MGMT 3600 - Change, Creativity, and Innovation Management (3.0 cr)
- MGMT 4800 - Strategic Management (3.0 cr)

Program Sub-plans
A sub-plan is not required for this program.

Marketing Minor
Business
Academic Affairs

- Program Type: Undergraduate minor related to major
- Requirements for this program are current for Fall 2013
- Required credits in this minor: 18 to 19

A minor in marketing complements a wide array of majors. The marketing minor introduces students to current marketing theories and practices. Students pursuing a minor in marketing will learn the basics of marketing principles, effective personal selling, the psychology of consumer behavior, and marketing research methods.

Several electives are offered to provide five areas of specialization for students seeking the marketing minor.

Program outcomes: students who earn a marketing minor will

* understand the importance of having a consumer orientation and demonstrate how to effectively establish, develop, and maintain business relationships

* demonstrate working knowledge of technological and global developments that are changing the scope of the marketing discipline

Program Delivery
This program is available:

- via classroom (the majority of instruction is face-to-face)
- completely online (all program coursework can be completed online)

Minor Requirements
Marketing Minor Requirements
Required courses - 18 credits

Coaching Minor
Business
Academic Affairs

• Program Type: Undergraduate free-standing minor
• Requirements for this program are current for Fall 2013
• Required credits in this minor: 19

The coaching minor develops future coaches by teaching current theories and practices in coaching and with practical experience through the coaching practicum. This helps to prepare students for coaching at the youth, elementary, high school, college, or even professional levels. The minor can be taken by students in any major and has a requirement of 18 credits.

Since 1997, Minnesota has not required a teaching or coaching license to coach high school athletics. The coaching minor helps train and develop future coaches in the areas of practice planning, skill development, and coaching strategies in their sport of interest. In addition, it gives those students interested in coaching more marketability for coaching positions.

Any student, regardless of major, can earn a coaching minor.

Program Delivery
This program is available:

• via classroom (the majority of instruction is face-to-face)

Minor Requirements
Program Core Requirements

BIOL 2103 - Human Anatomy and Physiology I (4.0 cr)
SRM 2000 - Prevention and Care of Athletic Injuries (3.0 cr)
SRM 2100 - Psychology of Sport (3.0 cr)
SRM 3001 - Sports Nutrition (3.0 cr)
SRM 2010 - Topics in Coaching (2.0 cr)
SRM 3020 - Coaching Practicum (1.0 cr)
SRM 3320 - Exercise Physiology (3.0 cr)
Entrepreneurship Minor

The minor in entrepreneurship provides students with unique opportunities to enhance their career options, regardless of their major program of study. The entrepreneurship minor helps students understand and apply the basics of business formation, value creation, customer discovery, business model generation, and resource acquisition. The program consists of seven courses, many of which are required in other majors.

Program Outcomes: students who earn an entrepreneurship minor will
* understand and apply core entrepreneurial concepts
* demonstrate effective evaluation skills in determining resource needs
* demonstrate effective oral and written communication skills in various mediums for the purpose of explaining business opportunities and needs

Program Delivery
This program is available:
* via classroom (the majority of instruction is face-to-face)
* completely online (all program coursework can be completed online)

Minor Requirements

Humanities Minor
Liberal Arts and Education
Academic Affairs

- Program Type: Undergraduate free-standing minor
- Requirements for this program are current for Fall 2013
- Required credits in this minor: 18
- This program requires summer terms.

A minor in humanities allows students to gain a greater understanding of disciplines, such as art, history, literature, philosophy, politics, and theater. Students become aware of the importance and benefit of diversity and multiculturalism. The Humanities Minor is intended to complement major programs of study presently offered at UMC. A minor in humanities helps students broaden and balance their chosen majors with skills such as creative thinking and expression. The minor enables students to recognize opportunities, think creatively, assemble resources, and plan and implement new initiatives in a wide variety of employment settings. As graduates secure employment or start a venture of their own, they will demonstrate how awareness of the humanities adds value and enhances the results for the organizations they serve. Study in the humanities encourages students to think outside of the box and creativity, skills that are highly desirable to employers.

Program Outcomes - students will
1. demonstrate awareness of the scope and variety of works in the arts and humanities;
2. expand knowledge of the human condition and human cultures, especially in relation to behavior, ideas, and values expressed in works of human imagination and thought;
3. understand those works as expressions of individual and human values within historical and social context;
4. respond critically to works in the arts and humanities;
5. engage in the creative process or interpretive performance;
6. articulate an informed personal reaction to works in the arts and humanities.

Program Delivery
This program is available:
- via classroom (the majority of instruction is face-to-face)

Minor Requirements
Required Courses
- HUM 1301 - Introduction to Humanities [HUMANITIES] (3.0 cr)
- HUM 3310 - Culture and Technology [HUMANITIES, GLOB PERSP] (3.0 cr)

Upper Division Electives
Take 3 or more credit(s) from the following:
- COMM 4002 - Intercultural Communication (3.0 cr)
- ED 3301 - Creating Meaning Through Literature and Arts (4.0 cr)
- GNED 3000 - Global Seminar [GLOB PERSP] (1.0 - 3.0 cr)

Music Minor

Liberal Arts and Education

Academic Affairs

• Program Type: Undergraduate free-standing minor
• Requirements for this program are current for Fall 2013
• Required credits in this minor: 18

The music minor allows students to develop a concentrated course of studies in music while pursuing a major in another area. Students who plan to earn a baccalaureate degree at UMC are generally able to complete the music minor if they have an appropriate musical background and/or interest. Students completing the minor may pursue opportunities in teaching beginning to intermediate piano lessons, playing church organ, directing volunteer choirs, directing community musicals, etc. The minor complements all UMC major degree programs.

Program outcomes:
1. vocal or instrumental skills for performance;
2. enhanced appreciation of the performing arts;
3. skills for part-time employment in music field.

Program Delivery

This program is available:
• via classroom (the majority of instruction is face-to-face)
