Mission

The School of Fine Arts—comprising the Departments of Art and Design, Music, and Theatre; the Fine Arts Academy and Tweed Museum of Art; Glensheen Historic Estate; the Marshall Performing Arts Center; and Weber Music Hall—plays a leading role in fostering the arts and serving as a cultural and artistic center for the campus and northern Minnesota. The school provides a comprehensive education for students in the visual and performing arts, offering majors in art and music education, as well as opportunities for those whose study in other disciplines is complemented by the fine arts curriculum. The school also offers selected graduate programs in graphic design and music.

The faculty and staff of the Departments of Art and Design, Music, and Theatre recognize the importance of exceptional instruction, scholarship, performance, research, and outreach. Their dedication to excellence is sustained within a balance of traditional academic experiences, exposure to new technologies and processes, and continuing performance and exhibition opportunities for students and faculty. The Tweed Museum of Art and the Glensheen Historic Estate both serve as campus-wide learning laboratories and significant educational resources with important connections to the community.

All units within the School of Fine Arts are committed to demanding standards of performance in the classroom and in artistic endeavors. Through individualized pre-professional arts training in areas of specialization combined with broad-based liberal arts study, the school attracts students who possess both strong artistic and academic potential.

The school has an ongoing commitment to assisting students as they identify postgraduate professional opportunities and make professional transitions, and to continuing an active involvement in international exchanges in the arts. The school awards bachelor of arts (B.A.), bachelor of fine arts (B.F.A.), and bachelor of music (B.Mus.) degrees.

Forms and petitions are also available in this office.

The School of Fine Arts also offers a Peer Advisement Program, which supplements faculty advising. Peer advisers are art and design, music, and theatre undergraduates. They answer questions and provide assistance with forms, procedures, and class schedules. For more information, contact the SFA Office of Student Affairs.

Admission

See the **Policies and Procedures section** of this catalog for additional criteria and procedures for admission or readmission to the school.

Admission to UMD does not necessarily guarantee admission into a specific degree program within the School of Fine Arts (SFA). After a student is admitted to UMD, departments will provide information for application into specific degree programs.

Students must pass a performance audition in order to be accepted into any music degree program. At the time of audition, students must also complete diagnostic examinations in theory/aural/keyboard skills and an interview with the department head or an appointed designee. Any student who receives provisional acceptance into a music degree program must pass a review (usually at the end of the first semester) in order to receive full acceptance. That review includes recommendations of major instructors and successful completion of an applied jury.

Residence Requirements

Degree candidates must complete at least 30 degree credits at UMD. At least 20 of the last 30 degree credits completed immediately before graduation must be taken at UMD.

Academic Standing

Good Academic Standing

SFA students must maintain a minimum GPA to be in good academic standing. For students who have attempted 31 or more credits (at UMD or elsewhere), the minimum overall University of Minnesota GPA required is 2.00. Because some students have difficulty adjusting to the standards of a university education, those who have attempted fewer than 31 credits (at UMD or elsewhere) must maintain a minimum overall GPA of 1.80 to remain in good academic standing.

For graduation, a 2.50 GPA in the major is required for the bachelor of fine arts and bachelor of music degrees. A 2.00 GPA in the major is required for the bachelor of arts degree.

Probation

Students with an overall University of Minnesota GPA lower than that required for good academic standing are placed on academic probation. Students who have attempted 31 or more credits are returned to good academic standing status the semester after attaining a 2.00 minimum GPA. Students who have attempted fewer than 31 credits are returned to good academic standing status the semester after attaining a 1.80 minimum GPA.

Dismissal

Students who fail to attain the required minimum overall University of Minnesota GPA for good academic standing after one semester of probation are subject to dismissal. Dismissal decisions are made in the college unit following final examinations. Dismissed students are notified immediately, and their day school registration for the next semester is canceled. At the college's discretion, students may be granted an additional semester of probation if they are making progress.

Readmission

Dismissed students must present evidence of improved academic capability to justify their readmission. Petition forms for readmission and information concerning academic standing are available in the SFA Office of Student Affairs, 212 Humanities Building.

Student Grievance Policy

SFA students may file an official grievance if they are having problems with a class or instructor within the school. The procedures for filing a grievance are available in the SFA Office of Student Affairs, 212 Humanities Building.

College Honors

At UMD, a maximum of 15 percent of the graduating class can graduate with college honors. In SFA, the top 3 percent of the graduating class is designated *summa cum laude*, the next 5 percent *magna cum laude*, and the next 7 percent *cum laude*.

At the beginning of each year, GPAs necessary to achieve these honors are posted in the Office of Student Affairs. The GPAs are based on the previous spring semester graduating class. To be eligible for honors, students must earn at least 30 credits at UMD. For more information, contact the Office of Student Affairs, 212 Humanities Building.

Dean's List of Academic Excellence

Each semester, SFA students are recognized for high academic achievement by being placed on the SFA Dean's List of Academic Excellence. A memo is placed on their transcript indicating this achievement. To be eligible for this honor, students must have a 3.50 minimum GPA and 12 graded credits. Incompletes, missing grades, Ns, and Fs disqualify a student from eligibility.

Students who have been on the Dean's List of Academic Excellence for four or more semesters are given special recognition by the school at the time of graduation.

Department Honors

Art and Design

Honors are awarded to graduating art and design majors for exceptional achievement. Candidates, nominated by art and design department faculty, receive honors for distinguished achievement demonstrated in part by the senior student exhibition or a senior presentation or project.

Music

Honors are awarded to graduating music majors for exceptional achievement. Candidates, nominated by music department faculty, receive honors for distinguished achievement in musical performance, composition, or exceptional ability and accomplishment as a music educator.

Students must select an emphasis in general studio; digital art and photography; painting, drawing, and printmaking; or sculpture and ceramics.

Honors Requirements: Candidates, nominated by art and design department faculty, receive honors for distinguished achievement demonstrated in part by the senior student exhibition or a senior presentation or project. Students produce a body of work for the Senior Exhibition under the mentorship of faculty in their emphasis area. Work proposed for the solo or group senior exhibition will be reviewed and approved by studio faculty in their area during a Senior Portfolio Review.

Admission Requirements

Freshman and transfer students are admitted to pre-major status before admission to this major. To qualify for this program, pre-studio art students must pass a portfolio review (ART 0902) after completing a minimum of 15 art studio credits selected from the pre-studio core and sub-plan

Rochester Sub-plan

The studio art B.F.A. is offered at UMR with the digital art and photography emphasis only.

Graphic Design B.F.A.

Department of Art and Design

Required credits to graduate with this degree: 120.

Required credits within the major: 84.

The graphic design profession uses the creative process and technology to communicate ideas and messages. Delivery of the message can be multidimensional, print and screen based, interactive, involve sound and motion, and be real or virtual. Graphic design involves type and language, abstract and figurative imagery, concept, technology, and craft.

The discipline takes place within commercial, academic, and institutional contexts in the private and public realms and allows individuals to enter a rewarding profession that demands creativity and vision.

Acknowledging the interdisciplinary nature of the profession, the Department of Art and Design takes advantage of its position as a department in the School of Fine Arts to provide students with the opportunity to gain firsthand experience of all the arts in a manner that is possible in only a small percentage of universities nationwide. To qualify for this program, pre-graphic design students must pass a portfolio review (ART 0901) during the second semester of their freshman year.

Honors Requirements: Candidates, nominated by art and design department faculty, receive honors for distinguished achievement demonstrated in part by projects and portfolios completed in Senior Design Studio I and II (ART 4922 and 4933).

Admission Requirements

Freshmen and transfer students are usually admitted to pre-major status before admission to this major.

Students must pass portfolio review. The review occurs approximately the seventh week of spring semester each year by the graphic design faculty. Advanced placement students may be eligible for a portfolio review during the week before the start of fall semester. After completion of at least 9 credits of pre-graphic design requirement ART core courses, students must submit a portfolio of work selected from the courses, and a specified writing sample for the review.

After admission to the graphic design major (passing the portfolio review), the coursework required for the program is sequential and takes a minimum of three years or six semesters (see sample plan). Transfer students and students who change their major to graphic design need to be aware of this time requirement to complete the program.

Art Education K–12 B.F.A.

Department of Art and Design; Education

Required credits to graduate with this degree: 120.

Required credits within the major: 101 to 107.

The B.F.A. program in art education K–12 is for students who wish to receive licensure to teach art in Minnesota; it is offered in cooperation with the College of Education and Human Services Professions (CEHSP). The program prepares art teachers for kindergarten through the twelfth grade and provides a foundation in a variety of studio areas, art history, and art education methods. To qualify for this program, pre-art education students must pass a portfolio review (ART 0903). In addition to completing liberal education and art courses, each student must gain admission to the Secondary Teacher Education Program (STEP) licensure program during the junior year to complete the education courses required by the State Department of Education and Board of Teaching.

Students entering the secondary and K–12 licensure programs are bound by the policies in effect at the time of application to the licensure program. Admission is based on criteria established by the Department of Education that are consistent with Minnesota policies as well as standards established by the National Council for Accreditation in Teacher Education.

A student must have: 1) completed EDUC 1101; 2) a GPA of at least 2.50 overall and in major courses completed at the time of application; 3) taken the Pre-Professional Skills test (PPST); and 4) passing scores on a nationally recognized standardized test such as the PPST, ACT, or SAT.

Students must submit a letter of application, résumé, letters of recommendations, and a copy of their Academic Progress Audit System (APAS) report.

There are alternatives to these established admission procedures to encourage the participation of individuals from underrepresented groups and other students as determined by the department.

Field experiences are an important part of the art education program and includes observations and participation in museum and elementary school programs; two apprenticeships in area public and/or private middle schools and high schools concluding with a full semester of supervised student teaching (8 weeks at the elementary and 8 weeks at the middle or high school level).

Students produce a body of work for the Senior Exhibition under the mentorship of faculty in their area. Work proposed for the solo or group senior exhibition is reviewed and approved by area faculty during a Senior Portfolio Review.

Admission Requirements

Freshmen and transfer students are usually admitted to pre-major status before admission to this major.

Art education portfolio review for pre-art education majors: To register for the portfolio review, students must have completed at least 9 credits of art core pre-art education required courses during the first semester at UMD (selected from ART 1010, ART 1011, ART 1012, or ART 1013, and one may be an art history course, either ARTH 1303 or ARTH 1304). Students must attend the mandatory information meeting held the third week of the semester. The portfolio reviews occur twice a year during the fifth week of the fall and spring semesters. After successful completion of the portfolio review, students become art education majors.
